No. D.-9064.—The following statement is published for general information:—

A statement by His Excellency the Governor General of the reasons which have moved him in exercise of the powers conferred upon him by section 72 of the Government of India Act to make and promulgate an Ordinance to make provision for the better control of the Press and of unauthorised news-sheets and newspapers under the title of the Indian Press and Unauthorised News-sheets and Newspapers Ordinance, 1930.

H. W. EMERSON,
Secy. to the Govt. of India.

STATEMENT.

When I promulgated the Press Ordinance on the 27th of April 1930, I said that, whatever might have been the professed objects of those who launched the civil disobedience movement, it was rapidly developing into violent resistance to constituted authority. Events during the months that have since passed have sufficiently proved the truth of the apprehensions I then expressed, and it is only by vigorous action and constant vigilance that control of the situation has been maintained. But though the measures taken by Government, combined with a growing recognition by the public of the dangers with which the movement is fraught, have averted the more serious consequences that might have been anticipated, the activities of those responsible for the movement are still manifest in the continued efforts that are being made to challenge the authority of constituted Government and which are a grave menace to public tranquillity.

At the same time, there has lately been a serious increase in premeditated crimes committed by those who have rejected the methods of non-violence. There is no room for doubt that inflammatory writings in the press both stimulate recruitment to the revolutionary movement and incite to the commission of violent crimes.

2. With the expiry of the Press Ordinance on the 26th of October last, it was my hope and that of my Government that the press would observe such reasonable restraint as would make it unnecessary to restore the powers that had lapsed. I regret that those hopes have been disappointed and that it is again necessary to resort to special measures. I regret this the more because it is my earnest hope, as it is that of my Government, that the deliberations now proceeding in London may bring to India a permanent solution of her political troubles, and I trust that it may be possible to dispense with these special powers at no distant date. But since the lapse of the earlier Ordinances there has been progressive deterioration in the tone of the press, and this has been particularly marked during the past few weeks. It is again the policy of many newspapers consistently to encourage the civil disobedience movement, and thus to foster conditions of disorder, while others, which suspended publication while the Ordinance was in force, are again giving direct or indirect incitement to violent and revolutionary crime. I am satisfied that writings of this nature are material factors in the creation of the state of emergency which exists, and in regard to which it is my duty to take special powers. I have accordingly promulgated an Ordinance for the better control of the press and of unauthorised news-sheets and newspapers. It is not my desire that the Ordinance should restrict the just liberties of the press or should check fair criticism of the administration or of constitutional proposals. Nor is it my desire that action should be taken under this Ordinance in regard to writings published previous to its promulgation and I have caused the necessary instructions in this respect to be issued to Local Governments.

3. I regret that having regard to the urgent necessity of taking measures to meet the present situation, I have not thought it possible to await the meeting of the Central Legislature, but it is the intention of my Government to bring the matter before it at the earliest opportunity.

IRWIN,

The 23rd December 1930. *Viceroy and Governor General.*

on agriculture, and I know that Local Governments are giving their most careful consideration to the problems created by the low values of agricultural produce. In promulgating this Ordinance it is my desire that the difficulties in which land-owners and cultivators are placed shall not be increased by the mischievous activities of persons who are seeking to take advantage of economic conditions for their own ends, regardless of the consequences to those whom they purpose to mislead. It is also my desire that the task of Local Governments in giving such relief as is possible to genuine economic distress shall not be complicated or confused by the intervention of issues, which are introduced for the sole purpose of embarrassing orderly administration. No person need have any cause for fear that the Ordinance will be used for other than the purposes above stated, and I look with confidence to the public to give their co-operation and support against a movement the object of which is to make it impossible for Government to continue their ordinary functions on which depend the maintenance of order and the stability of the social system.

4. I regret that the urgent nature of the emergency in regard to which this Ordinance is promulgated has not allowed the matter to be brought at this stage before the Legislature, but it is the intention of my Government to bring it before the Central Legislature at the earliest opportunity.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 19th December 1930.

Forecast of the Winter Til (Sesamum) Crop of Bengal, 1930-31.

(NOTE.—On an average of the five years ending 1928-29, the area under *til* in Bengal has represented some 2·6 per cent. of the total area under *til* in British India.)

Character of the Season.—In the two important districts of Dacca and the Chittagong Hill Tracts, where more than half of the total area is occupied by the crop, the weather is favourable. Elsewhere the conditions are generally fair excepting in Murshidabad, Jessore, Birbhum and Tippera, where the prospects of the crop are reported to be poor.

Acreage.—The total area sown with the crop this year is estimated at 53,500 acres against 48,000 acres last year.

Outturn.—According to District Officers' estimates, the outturn of the crop for the Province as a whole works out at 87 per cent. of the normal against 86 per cent. last year. Taking 6 maunds as a normal rate of yield per acre, the gross outturn for the Province is estimated at 10,300 tons this year against 9,100 tons last year, or an increase of 13 per cent.

NOTIFICATION.

No. 332P. — 15th January 1931. — In exercise of the powers conferred by section 10 of the Bengal Criminal Law Amendment Act, 1925, and in supersession of the rules contained in this Government notification No. 1830X., dated the 24th April 1925, the Governor in Council is pleased to make the following rules:—

Rules.

Time and place of sitting.

1. The Commissioners may sit for the trial of any offence cognizable by them at such times and places as may be convenient.

Appointment and powers of President.

2. (*a*) The President of the Commissioners shall be such one of the Commissioners as the Local Government may nominate in this behalf.

(*b*) The President shall determine the times of sitting, shall pronounce the orders and judgment of the Commissioners and shall have power to regulate all matters incidental to any trial before the Commissioners. The record of the evidence shall ordinarily be made by the President, and the judgment shall ordinarily be written by, or from the dictation of, the President. The judgment shall be signed by all the Commissioners before delivery.

(*c*) All or any of the duties specified in subsection (*b*) may, with the consent of the President, be performed by either of the other Commissioners.

Issue of processes.

3. (*a*) All letters, requisitions, warrants, notices and other processes issued by the Commissioners shall be issued over the signature of the President, or failing him, over that of any one of the Commissioners.

(*b*) The Commissioners shall be entitled to use either their own seal or the seal of the District Magistrate of the district in which the Commissioners are, for the time being, sitting.

(*c*) All processes for attendance of witnesses or production of documents, papers or things, and all requisitions for records shall issue in the same way as if the trial were before the Sessions Court of the district.

(*d*) Applications for processes and for requisitions before the commencement of the trial shall be made to a Magistrate of the first class in the district where the trial is to be held, and such Magistrate shall have power to issue processes and requisitions which will be returnable before the Commissioners.

Absence of Commissioners.

4. (*a*) In the absence of any Commissioner, the trial shall be adjourned for such time as the remaining Commissioners shall consider reasonable.

(*b*) In the event of the likelihood of a prolonged absence of any Commissioner, the Local Government may appoint another Commissioner in his stead, and when the Commissioner so appointed takes his seat, the trial shall be resumed from the point at which it was interrupted:

Provided that upon such resumption the Commissioner so appointed may require that the witnesses or any of them shall be re-summoned and re-heard. Any witness so recalled may be examined at any stage of the case.

Joinder of charges.

5. When a person is accused of more offences than one, and the Commissioners are of opinion that the offences are such that they should be tried together, then the said person may be charged with and tried at one trial for every such offence.

Charge to be read and witnesses to be examined.

6. When the accused appears or is brought before the Commissioners, the charge, if a charge has been already framed, shall be read out and explained to the accused, and he shall be asked whether he is guilty of the offence charged, or claims to be tried. If the accused pleads guilty, the plea shall be recorded and he may be convicted thereon. In cases where no charge has already been framed, and in cases where a charge having been framed the accused refuses to, or does not, plead, or claims to be tried, the prosecutor shall state briefly the particulars of the offence with which the accused is charged, and the evidence by which he expects to prove the guilt of the accused. As the evidence of each witness for the prosecution is concluded, the accused shall be given an opportunity of cross-examining him, and after such cross-examination (if any) and re-examination (if any) the Commissioners may discharge the witness, and the accused shall not recall for further examination or cross-examination any witness so discharged, except with the consent of the Commissioners and subject to such conditions as they may impose.

Framing of charge.

7. When the evidence of all the witnesses for the prosecution has been taken, or at any previous stage of the case, the Commissioners shall, in cases in which no charge has already been framed, if they are of opinion that there is ground for presuming that the accused has committed any offence, frame in writing a charge against the accused. The accused shall thereupon be asked to plead to the charge, and if he pleads guilty the plea shall be recorded and he may be convicted thereon.

Accused to give list of witnesses.

8. As soon as the charge is framed, or, in cases in which a charge has been framed before the commencement of the trial, at such stage as the Commissioners may direct, the accused shall be required at once to give, orally or in writing, a list of the persons, if any, whom he wishes to be summoned to give evidence in his defence.

Power of Commissioners to refuse to summon witnesses.

9. If the Commissioners think that any witness is included in the list for the purpose of vexation or delay or for defeating the ends of justice, the Commissioners may require the accused to satisfy them that there are reasonable grounds for believing that the evidence of such witness is material, and if they are not so satisfied, may refuse to summon the witness (recording their reasons for such refusal), or may, before summoning him, require such sum to be deposited as they think necessary to defray the expense of obtaining the attendance of the witness and all other proper expenses.

If any inquiry preparatory to commitment has been held, the provisions of section 288 of the Code of Criminal Procedure shall be applicable.

Absence of accused.

10. (*a*) If any accused person at any stage of the proceeding is prevented by illness or other cause from being present, the Commissioners may direct that he be allowed to appear in Court by a pleader, and the trial shall thereupon proceed notwithstanding the absence of the said accused person.

(*b*) If the Commissioners are satisfied, for reasons to be recorded, that any accused, in consequence of a single act or series of acts done, or course of conduct pursued, after his arrest, has voluntarily rendered himself incapable of remaining before the Court, the Commissioners may, whether such accused is represented by a pleader or not, dispense with his attendance and proceed with the trial in his absence.

(*c*) Where a plea is required in answer to a charge from an absent accused whose attendance has been dispensed with under rule 10 (*b*), such accused shall be deemed to plead not guilty.

(*d*) Notwithstanding the absence of any or all of the accused whose attendance has been dispensed with under rule 10 (*b*), the Commissioners may pass any finding, sentence or order which might be passed by them in the presence of the accused.

Conduct of prosecution.

11. Any public prosecutor, any Police Officer of or above the rank of Court Inspector, and any person appointed in this behalf by the Local Government or by the Superintendent and Remembrancer of Legal Affairs may conduct the prosecution of any case before the Commissioners.

Execution of sentences.

12. When any sentence is passed by the Commissioners, they shall, in causing the sentence to be carried out, observe the procedure prescribed for a Court in Chapter XXVIII of the Code of Criminal Procedure.

Successor in office to the Commissioners.

13. For the purpose of section 389 of the Code of Criminal Procedure, the District Magistrate of the district in which the trial took place shall be deemed to be the successor in office of the Commissioners.

Detention and remand.

14. (*a*) The Commissioners may detain in custody any accused person brought before them for trial.

(*b*) Any District Magistrate shall have power to remand to custody any person in respect of whom an order has been made under sub-section (*1*) of section 3 of the Act until such time as the Commissioners order that the accused shall be brought before them for trial.

Forms.

15. The forms prescribed in the Fifth Schedule to the Code of Criminal Procedure may be used, with such changes as may be required in each case, for the proceedings of the Commissioners.

Deposit of records.

16. The records of cases tried by Commissioners shall be deposited in the record-room of the District Magistrate of the district in which the trial is held.

Provided that, if privilege leave under military rules is not admissible in respect of the calendar year of transfer because the officer has not actually performed duty in the Military Department during that year, duty counting for leave on average pay shall commence on the date on which he becomes subject to this rule.

Provided further that, in the case of an officer who became subject to this rule before the 4th of December 1928 and who took privilege leave under military rules ending during the first six months of the calendar year in which he became subject to this rule, duty counting for leave on average pay shall begin from a date six months after the end of such privilege leave but so that in no case shall duty performed before the date on which he became subject to this rule count.

NOTIFICATION.

New Delhi, the 31st December 1930.

No. 2582H. (G.).—The Haj Inquiry Committee which was appointed by the Government of India in 1929, recommended in paragraph 12 of their Report that the text of the agreement concluded in 1926 between the Governments of Great Britain and Northern Ireland and of India of the one part and the Government of the Netherlands for the Netherlands and for the Netherlands East Indies of the other part, relating to the administration of Kamaran Quarantine Station and the treatment of pilgrims travelling to the Hedjaz from the South, should be published for general information. That agreement has already been published in the League of Nations Treaty Series, Volume LVII, 1926, Nos. 1, 2, 3 and 4, pages 41 to 63, but the Government of India agree with the Committee that it should be more widely known in India, and they have decided therefore to re-publish it. The text of the Agreement is given in the appendix.

F. Noyce,
Secy. to the Govt. of India.

APPENDIX.

Anglo-Dutch Agreement regarding Kamaran.

The Governments of Great Britain and Northern Ireland and of India of the one part and the Government of the Netherlands for the Netherlands and for the Netherlands East Indies of the other part recognising that the treatment of pilgrims travelling to the Hejaz from the South at Kamaran Quarantine Station is their common concern, and being desirous to establish by agreement provisions for its efficacious administration,

Have agreed upon the following provisions:—

Measures to be applied on Pilgrim Ships and at the Quarantine Station.

1. The British and Indian Governments of the one part and the Netherlands Government for the Netherlands and for the

Netherlands East Indies of the other part agree that the measures prescribed in the Schedule to this Agreement shall be applied with effect from the date on which this Agreement enters into force, pending the ratification of the revised International Sanitary Convention on behalf of India and the Netherlands East Indies.

Internal Organisation.

2. The Civil Administrator of the Island of Kamaran appointed by the Government of India shall be the Director of the Quarantine Station, and in that capacity shall exercise general supervision and control over the whole staff of the station. He shall be assisted by two medical officers, one of whom shall be appointed by the Government of India, and the other by the Government of the Netherlands East Indies. It is agreed in principle that these two medical officers shall be on a footing of complete equality. In order, however, to ensure necessary co-ordination in matters of common concern in regard to the internal administration of the Quarantine Station it is agreed that the relative seniority of the two officers shall be determined as follows:—

Each medical officer shall be appointed in the first instance for a period of two years, during the first of which he shall be described as Deputy Medical Superintendent and during the second as Medical Superintendent. For the first year from the date on which this Agreement enters into force the medical officer appointed by the Government of India shall be Medical Superintendent. If at the end of the period of two years from first appointment the Medical Superintendent continue to be employed on the staff of the Quarantine Station, he shall revert to the position of Deputy Medical Superintendent for the first year of his second term of office or of any further term. Should the Medical Superintendent for any cause vacate his appointment before the end of his term of office, he will be succeeded by the Deputy Medical Superintendent, who will act as Medical Superintendent for the remainder of the term without losing his right to the Medical Superintedent for the next year.

3. The Medical Superintendent shall be the chief technical officer of the Quarantine Station.

4. The nature of the measures to be applied in the case of ships containing only pilgrims from the Netherlands East Indies shall be determined by the medical officer appointed by the Government of the Netherlands East Indies irrespective of his position as Medical Superintendent or Deputy Medical Superintendent. Similarly, the measures to be applied in the case of ships not containing pilgrims from the Netherlands East Indies shall be determined by the medical officer appointed by the Government of India. In the case of ships containing pilgrims both from the Netherlands East Indies and from elsewhere the decision of the *Director of the* Quarantine Station as to the measures to be applied shall be final.

5. It shall be open to the Governments of India and of the Netherlands East Indies to appoint medical and sanitary assistants to be attached to the medical officers appointed by their respective Governments.

Epidemiological Intelligence.

6. The Government of India undertake to communicate to the Far Eastern Epidemiological Bureau at Singapore information regarding cases of plague or cholera which have manifested themselves on board pilgrim ships calling at Kamaran or at the Quarantine Station.

Financial Administration.

Pilgrim Dues.

7. The amount of the dues to be paid to the Quarantine Station in respect of each pilgrim *carried on all ships required to call at Kamaran* shall remain fixed at Rs. 10 until the Governments of India and of the Netherlands East Indies determine otherwise by agreement.

Financial Responsibility of the various Governments concerned in the administration of the Quarantine Station and Repayment of Advances made by them.

8. The British and Indian Governments of the one part and the Government of the Netherlands for the Netherlands and for the Netherlands East Indies of the other part agree in principle—

(1) that the sums advanced by the British and Indian Governments to meet deficits which were incurred in the administration of the Quarantine Station up to the 31st March, 1922, shall be repaid to these Governments out of the revenue of the Quarantine Station;

(2) that responsibility for any further deficit incurred after the date on which this agreement enters into force shall be shared in proportion to the number of pilgrims by whom dues are paid to the Quarantine Station; this proportion to be calculated in accordance with the number of pilgrims embarking from British or Netherlands territory from the date on which the agreement enters into force.

9. For the purpose of repayment of the advances already made by the British and Indian Governments and of creating a reserve to meet future contingencies, provision shall be made for the maintenance in India of a fund to be called "the Kamaran Quarantine Station Fund" with effect from the date on which the agreement enters into force. To this fund shall be paid—

(*a*) 5 per cent. of the amount collected annually from pilgrim dues, which shall forthwith be paid in equal moieties to the British and Indian Governments, as an instalment of the amount due to those Governments in respect of the advances referred to in article 8 (1) until the whole of that amount is liquidated;

(*b*) any surplus available in respect of the previous financial year after provision has been made for the expenditure required during the forthcoming year, which surplus shall bear compound interest at 5 per cent.

Annual Report and Budget.

10. The annual budget estimates of the Quarantine Station shall be prepared by the director, together with an annual report. These shall be submitted, with the observations of the Medical Superintendent and Deputy Medical Superintendent, to the Government of India six months before the commencement of the forthcoming financial year. Copies of the annual report, the actual figures for the preceding year and the budget estimates for the forthcoming year, *together with the balance sheet of the Kamaran Quarantine Station Fund*, and the observations of the Medical Superintendent and the Deputy Medical Superintendent thereon, shall be communicated forthwith by the Government of India to the Government of the Netherlands East Indies. The observations of the Government of India shall be communicated to the Government of the Netherlands East Indies not later than three months before the commencement of the ensuing financial year. The budget of the Quarantine Station shall not be approved until the Government of the Netherlands East Indies have signified their acceptance of it, or such amendments have been made as are accepted by the Governments of India and of the Netherlands East Indies.

Capital Expenditure.

11. The Governments of India and of the Netherlands East Indies shall jointly determine the improvements and alterations of the Quarantine Station involving capital expenditure, the order in which such improvements shall be executed, and the provision for their execution to be made in the successive annual Budgets of the Quarantine Station.

Subsidy to Civil Administration of Island of Kamaran.

12. A sum of Rs. 10,000 shall be paid annually from the revenues of the Quarantine Station to the Government of India towards the maintenance of the civil administration of the Island of Kamaran.

Adjustment of Disputes arising out of the Interpretation of the Agreement.

13. Disputes between the British or Indian Governments of the one part and the *Governments of the Netherlands or the Netherlands East Indies* of the other part arising out of the interpretation of this Agreement shall be adjusted as follows:—

If the Director of the Quarantine Station is unable to agree with the medical officer appointed by the Government of the Netherlands East Indies, when the latter is acting either as Medical Superintendent or as Deputy Medical Superintendent, as to the interpretation of any article of this Agreement, he shall report the circumstances to the Government of India, who shall forthwith communicate his report to the Government of the Netherlands East Indies. The respective Governments shall thereupon endeavour to reach a settlement of the dispute by agreement. If, after full consideration, the Government of India, and the Government of the Netherlands East Indies are unable to reach a settlement of the dispute by agreement, or if as between themselves a dispute arises in regard to the Budget or any matter referred to in this Agreement or in regard to the interpretation of this Agreement, they shall severally communicate statements of the facts to the British and Netherlands Governments, who shall endeavour to reach a settlement through the diplomatic channel. If a settlement is still not reached by this procedure, the British and Netherlands Governments shall each appoint a representative in order that these representatives may endeavour in conference to reach a settlement of the dispute by agreement. If the two representatives fail to reach an agreement they shall jointly appoint a third member. If on this point there is disagreement between the two representatives, the British and Netherlands Governments shall request the President of the permanent Court of International Justice to appoint a third member, and the Commission thus constituted shall determine the dispute.

14. This agreement which is subject to confirmation by an exchange of notes to be effected through the diplomatic channel, shall enter into force on the 1st January, 1927, from which date the agreement shall be in force for a period of eight years. It shall, however, be subject to revision after the 1st January, 1933.

In witness whereof the undersigned, duly authorised for that purpose, have signed the present agreement and have affixed thereto their seals.

SCHEDULE.

General Provisions.

I.—When there are cases of plague, cholera, or yellow fever in the port of departure of a pilgrim ship, embarkation shall not take place unless the Government of the country to which the port belongs has taken measures by immunisation, segregation, or observation after the persons have been collected in groups, with or without bacteriological examination, intended to ensure that none of the persons embarked shall be attacked by one of these diseases.

II.—A ship which, in addition to ordinary passengers, among whom pilgrims of the upper classes may be included, carries pilgrims in less proportion than one pilgrim per 100 tons gross, shall not be considered a pilgrim ship.

III.—As far as it is practicable, pilgrims who disembark, and pilgrims who embark at sanitary stations must have no contact with one another at the landing places. Pilgrims who have been disembarked must be distributed in camp in as small groups as possible.

It is necessary that they be supplied with wholesale drinking water, obtained either from local sources, or by distillation.

Provisions Applicable to Pilgrim Ships.

IV.—Pilgrim ships must be capable of accommodating pilgrims in the between-decks.

Over and above the space required for the crew, the ship must provide for each person, irrespective of age, an area of 1·50 square metres, equivalent to 16 English square-feet, and a height between decks of at least 1·80 metres, equivalent to about 6 English feet.

No pilgrim shall be accommodated below the first between-deck below the waterline. Satisfactory ventilation must be ensured, and, in the case of any deck below the upper between-deck, it shall be mechanical.

In addition to the spaces reserved as above for pilgrims, the ship must provide on the upper deck for each person, irrespective of age, a free-space of a least 0·56 square-metre, equivalent to about 6 English square-feet, not reckoning the space which is reserved on the upper deck for temporary hospitals, crew, shower baths, latrines and for the working of the ship.

V.—Adequately screened washing places must be provided on deck, a sufficient number of them being reserved exclusively for women. The washing places must be supplied with pipes fitted with taps or nozzles able to yield a continuous supply of sea water under pressure even when the ship is at anchor; these steps or nozzles to be in the proportion of 1 per 100 pilgrims or fraction of 100.

VI.—The ship must be provided, in addition to closets for the crew, with latrines fitted with a flushing apparatus, or with a water tap. Some of these latrines shall be reserved exclusively for women.

Latrines must be in the proportion of 2 per 100 pilgrims or fraction of 100.

There must be no latrines in the hold.

VII.—The ship must have two places for cooking set apart for the use of the pilgrims.

VIII.—Properly fitted hospital quarters, constructed with due attention to safety and health, must be reserved for the accommodation of the sick. These quarters must be situated on the upper deck unless, in the opinion of the competent sanitary authority, arrangements fully as hygienic can be made elsewhere. They must be constructed so as to allow persons suffering from infectious diseases, and persons who have been in contact with them, to be isolated according to the nature of their illnesses.

The hospital, including any temporary hospital, must be capable of accommodating at the rate of 3 sq. metres per patient (equivalent to 32 English sq. ft.), 4 per 100 or fraction of 100 of the pilgrims taken on board. The hospitals must be provided with separate latrines.

IX.—Every pilgrim ship must carry such medical remedies, disinfectants, and appliances as are necessary for the treatment of the sick; it must be provided with anti-smallpox and anti-cholera vaccines. It is desirable that it should also be provided with other specific immunising agents (vaccines and sera), in the necessary quantities. The regulations framed for this class of ship by each Government must specify the nature and the quantity of these agents. Medicine and attendance shall be provided for the pilgrims free of charge.

X.—Every pilgrim ship must carry a medical officer, duly qualified in accordance with the regulations in force in the country from which the pilgrims were shipped to the Hejaz, or to which they return therefrom. A second medical officer, with similar qualifications, must be carried when the number of pilgrims on board exceeds 1,000.

XI.—The heavy baggage of pilgrims shall be registered and numbered. Pilgrims may keep with them only such articles as are absolutely necessary; the nature, amount, and dimensions of these articles, shall be decided by regulations framed by each Government for its own ships.

XII.—The competent authority shall not permit the departure of a pilgrim ship until satisfied—

(*a*) that the ship has been thoroughly cleansed, and, if necessary, disinfected;

(*b*) that the ship is in a condition to undertake the voyage without danger; that she is provided with the necessary gear and apparatus for use in case of shipwreck, accident, or fire; with wireless equipment for sending and receiving which can function independently of the engine room; and with sufficient life-saving apparatus; that she is properly manned, equipped, and ventilated, with awnings of sufficient size to cover the decks; and that there is nothing on board that, is or may become, injurious to the health and safety of passengers;

(*c*) that there is on board, over and above the rations for the crew, sufficient food and fuel of good quality for all the pilgrims during the whole voyage, and that there are places suitable for the storage of such food and fuel;

(*d*) that the drinking water is of good quality and from a source free from risk of contamination; that it is in sufficient quantity; that the tanks for drinking water are safe from all contamination and so closed that the water can be supplied only by means of taps or pumps. The water supply fittings known as "sucoirs" are absolutely prohibited;

(*e*) that the ship carries a condenser capable of distilling a minimum quantity of 3 litres of water per diem for every person on board, including the crew;

(*f*) that the ship possesses a disinfecting chamber, ascertained by the sanitary authority of the port where the pilgrims embark to be safe and efficacious;

(*g*) that the provisions of clause X have been complied with;

(*h*) that the deck is free from all merchandise and from encumbrances.

XIII.—The captain may not start without having in his possession—

(1) a list countersigned by the competent authority showing the name and sex of each of the pilgrims embarked, and the total number of pilgrims he is authorised to carry;

(2) a bill of health, giving the name, nationality and tonnage of the ship, the name of the captain and of the doctor, the exact number of persons embarked—crew, pilgrims and other passengers—the nature of the cargo, and the place of departure.

The competent authority shall note on the bill of health whether the number of pilgrims permissible under the regulations has been embarked, or not, and, in the latter case, the additional number of passengers the ship is authorised to embark at subsequent ports of call.

XIV.—During the voyage the deck intended for the use of pilgrims must be kept free from encumbrances; it must be reserved night and day for the passengers and placed at their disposal without charge.

XV.—The between-decks must be carefully cleansed and rubbed with sand every day while the pilgrims are on deck.

XVI.—The latrines allotted to the passengers, as well as those of the crew, must be kept clean and must be cleansed and disinfected at least three times daily and more often if necessary.

XVII.—The excreta and dejecta of persons showing symptoms of plague, cholera, dysentery or other diseases preventing them from using hospital latrines must be received in vessels containing a disinfecting solution. These vessels shall be emptied into the hospital latrines, which must be thoroughly disinfected every time this is done.

XVIII.—All bedding, carpets and clothing that have been in contact with the sick persons referred to in the preceding clause must be immediately disinfected. The observance of this rule is specially enjoined in respect of the clothes of persons who have been "contacts".

Such of the above-mentioned articles as are of no value must be either thrown overboard, if the ship is not in harbour or in a canal, or else burnt. Other articles must be disinfected

XIX.—The quarters occupied by the sick, referred to in clause VIII, must be thoroughly and regularly cleansed and disinfected.

XX.—Not less than 5 litres of drinking water must each day be put at the disposal of every pilgrim, irrespective of age, free of charge.

XXI.—If there be any doubt as to the quality of the drinking water, or any reason to suspect that it may possibly have become contaminated either at its source or during the voyage, it must be boiled or otherwise sterilised, and the captain shall be responsible for seeing that it is thrown overboard at the first port of call at which he can procure a purer supply.

XXII.—The medical officer shall visit pilgrims, attend sick, and see that the principles of hygiene are observed on board. He must in particular—

(1) satisfy himself that the rations issued to the pilgrims are of good quality, that their quantity is in accordance with contract, and that they are properly prepared.

(2) satisfy himself that the provisions of clauses XVI, XVIII, XX and XXI of this Schedule have been carried out;

(3) keep a diary of all occurrences relating to health during the voyage, and submit this diary, on request, to the competent authority of the ports of call or the port of final destination.

XXIII.—In the event of a death occurring during the voyage, the captain must enter the fact opposite the name of the deceased on the list countersigned by the authority of the port of departure, and must also enter in the log the name of the deceased, his age, the place from which he came, the certified cause of death, and the date of death.

In the event of a death from infectious disease, the corpse, wrapped in a shroud impregnated with a disinfecting solution, must be committed to the deep.

XXIV.—The captain must see that all preventive measures taken during the voyage are entered in the log. The log shall be submitted by him on request to the competent authority of the port of call or the port of final destination.

At each port of call the captain must cause the list drawn up in accordance with clause XIII to be countersigned by the competent authority.

In the event of a pilgrim disembarking during the voyage, the captain must note the fact on the list opposite to the pilgrim's name.

In the event of persons embarking, their names must be entered on the list in accordance with the aforesaid clause XIII. This must be done before the competent authority, as in duty bound, again countersigns the list.

Measures at Kamaran.

XXV.—Pilgrim ships from the South, bound for the Hejaz, must put in at the Kamaran Quarantine Station, and shall be dealth with as provided in the following clauses.

XXVI.—Ships found on medical inspection to be "healthy" shall be given free pratique on completion of the following procedure:—

The pilgrims shall be disembarked; they shall take a shower bath or bathe in the sea; their soiled linen and any portion of their personal effects or their baggage considered by the officer indicated in article 4 of the agreement to be suspect, shall be disinfected. The duration of these operations. including disembarkation and embarkation, must not exceed forty-eight hours. Provided this period is not exceeded, such bacteriological examination as may be considered necessary by the abovementioned officer may be made.

If no recognised or suspected case of plague or of cholera be discovered during these operations, the pilgrims shall immediately be re-embarked and the ship shall proceed to the Hejaz.

Notwithstanding the above, the officer indicated in article 4 of the agreement may authorise ships recognised after medical inspection to be "healthy" to proceed to the Hejaz without being submitted to the measures prescribed, provided that all the pilgrims on board have been immunised against cholera and smallpox, exception being made in the case of smallpox for those pilgrims who show marks of having had the disease, and that the provisions of this Schedule have been strictly adhered to.

XXVII.—Suspected ships, that is to say ships which have had cases of plague or of cholera on board but no fresh case of plague within seven days or of cholera within five days of the date of arrival, or on board of

which an unusual mortality among rats has been discovered shall be dealt with as follows:—

The pilgrims shall be disembarked; they shall take a shower bath or bathe in the sea; their soiled linen or any portion of their baggage or personal effects considered by the officer indicated in article 4 of the Agreement to be suspect shall be disinfected.

The parts of the ship occupied by the sick shall be disinfected. The duration of these operations, including disembarkation and embarkation, must not exceed forty-eight hours; provided this period is not exceeded such bacteriological examination may be made as the offier indicated in article 4 of the Agreement may consider necessary, and at his option measures may be taken to effect the destruction of all rats on board. These measures shall be carried out in such a manner as to avoid, as far as possible, damage to the ship's plating, engines and cargo, and must not last more than twenty-four hours.

If no case or suspected case of plague or of cholera be discovered during these operations, the pilgrims shall immediately be re-embarked and the ship shall proceed to the Hejaz.

XXVIII.—Infected ships, that is to say ships which have cases of plague, rat plague, or cholera on board, or which have had on board cases of plague within seven days, or of cholera within five days, of the date of their arrival, shall be dealt with as follows:—

Persons found suffering from plague or from cholera shall be disembarked and isolated in hospital. The other passengers shall be disembarked and isolated in as many small groups as possible, in order that if plague or cholera break out in one group the whole party may not be affected by the outbreak.

The soiled linen, clothing, and personal effects of the crew and the passengers shall be disinfected thoroughly, as well as the whole or such parts of the ship, and of the baggage, as the officer indicated in article 4 of the agreement shall decide.

The passengers shall remain at the Quarantine Station five days in the case of cholera, or seven days in the case of plague. If a new case occurs after disembarkation, the period of observation shall be extended by five days for cholera and seven days for plague, to date from the isolation of the last case.

In the case of plague, or of the discovery of rats infected with plague, adequate measures shall be taken by the sanitary authority to effect the destruction of all rats on board, subject to the provisions in clause XXVII. Pilgrims shall not be re-embarked, and the ship shall not be permitted to proceed to the Hejaz until after the completion of these measures.

XXIX.—If it is established on the arrival of a ship from Kamaran at a Hejaz port that cases of plague or cholera have occurred on board during the voyage, or at the time of arrival, and the ship returns to Kamaran, the measures specified in clause XXVIII shall be applied.

XXX.—If the pilgrimage is infected a pilgrim ship may be ordered to put in at Kamaran on its return voyage to the south by the consular authority of the country for which any of its pilgrims are bound. In this event the officer indicated in article 4 of the Agreement shall decide what quarantine measures, if any, shall be taken at the station. These measures may include observation, vaccination and bacteriological examination. If no case of plague or cholera has manifested itself during the voyage nor at Kamaran, the duration of these measures shall not exceed five days from the date of departure from the Hejaz. If a case of plague or cholera has manifested itself on board or at the Quarantine Station the measures prescribed in clause XXVIII shall be applied. However deratisation of the ship shall be effected only if deemed necessary by the above-mentioned officer.

PROTOCOL.

On the occasion of the signature of the agreement between the Governments of Great Britain and Northern Ireland and of India of the one part and the Government of the Netherlands for the Netherlands and the Netherlands East Indies of the other part concerning the administration of the Quarantine Station at Kamaran, the undersigned plenipotentiaries have considered it appropriate with a view to the removal of doubt and to the smooth working of the agreement to place on record the manner in which they interpret the agreement in regard to the following matters arising out of articles 7 to 12:—

(1) For the purpose of this protocol it has been assumed that the financial year for the Quarantine Station at Kamaran will coincide with the calendar year.

(2) It is understood that the Government of India will credit to the Kamaran Quarantine Station Fund on the 1st January, 1927, the balance derived from pilgrimage dues estimated to be available on the 31st March, 1927. Thereafter the sums to be credited to the fund will be those specified in article 9 of the Agreement. These sums may be distinguished as follows:—

(*a*) sums dependent on the gross receipts from pilgrim dues in the immediately preceding year;

(*b*) sums dependent on the results of the working of the immediately preceding year and on the prospects of the forthcoming year. On the 1st January, 1928, 5 per cent. of the gross receipts from pilgrim dues realised in 1927 will be credited to the fund, and will immediately be paid out for disposal in the manner prescribed under article 9 (*a*) of the agreement. This sum will merely pass through the accounts of the fund and will continue to do so each year until the advances referred to in article 8 (1) of the agreement have been fully repaid. The surplus, if any, available for credit to the fund in respect of the financial year 1927 will not be ascertainable until the accounts of the financial year 1928 are closed, since any balance which may exist on the 31st December 1927, as the result of the working of the year 1927, is reserved in the first instance under article 9 (*b*) of the agreement to make good any deficit which may occur in the following year 1928. The same procedure will apply to each subsequent year with appropriate change of dates.

(3) It is understood that the order of priority of payments from the fund will be as follows:—

(*a*) The first charge on the fund is the annual payment provided for in article 9 (*a*) of the agreement. This payment will continue until the whole of the advances referred to in article 8 (1) of the agreement has been repaid. The first payment will be due on the 1st January, 1928, in respect of the receipts from pilgrim dues in 1927.

(*b*) The next charge on the fund is to meet the deficit, if any, incurred in the financial year, and to ensure that a sufficient sum is provided to meet, together with the revenue anticipated from dues in the forthcoming year, the total estimated expenditure of that year under all heads, namely, the running expenses of the station, including the annual payment referred to in article 12 of the agreement and the cost of execution of the improvements and alterations referred to in article 11. This deficit, if any, will in the first instance be ascertainable when the accounts of 1927 are closed.

(*c*) The next charge on the fund is the repayment in such further instalments as may be agreed upon between the Governments of India and of the Netherlands East Indies of the balance of the advances referred to in article 8 (1) of the agreement, the object being to secure the repayment of these advances as early as is consistent with the prompt execution of the improvements and alterations referred to in article 11.

(*d*) The next charge upon the fund is the payment of any advances arising out of the application of article 8 (2) of the agreement.

(*e*) Thereafter the fund will be available as a reserve to meet further unanticipated expenditure.

(4) It is understood that, as the British and Indian Governments are not charging interest on the advances referred to in article 8 (1) of the agreement, interest is only due on the difference between the amount at the credit of the fund and the outstanding amount of those advances.

King's Police Medal.

NOTIFICATIONS.

(POLICE.)

New Delhi, the 1st January 1931.

No. F./25/VII/30-Police.—His Majesty the King, Emperor of India, has been pleased to confer the King's Police Medal, and in three cases a bar to the Medal previously awarded, on the following officers and men of the Indian Police establishments:—

* * * * *

Bengal.

16. John Cotton Farmer, Deputy Inspector-General of Police, Bengal.—On the night of the 18th April 1930, simultaneous attacks were made at Chittagong on the Police Lines, Volunteer Armoury and Telegraph and Telephone offices. Mr. Farmer, Officiating Deputy Inspector-General, getting the news proceeded immediately to the Volunteer Armoury, but finding the rebels in possession went to the Subsidiary Armoury from where he obtained a Lewis Gun, a few rifles and with two other persons returned to the Volunteer Armoury to attack the rebels but found that they had left. He then proceeded to the Police Lines where the rebels were still in possession and with his two assistants and another officer who joined him there, opened fire with the Lewis Gun, although he and his party were under heavy fire themselves from the rebels. As a result of his prompt action the rebels left the Line and went into hills, instead of committing further murders and damage in Chittagong as they had previously intended. Later, on the 7th May, Mr. Farmer with a small police party pursued and eventually rounded up a party of six armed rebels, who opened fire, killing one of his men. The fire was returned with the result that eventually 4 of the rebels were shot and 2 captured. Throughout both these engagements, Mr. Farmer showed fine qualities of leadership and personal bravery.

*17. Daniel Mulcahy, Sergeant, Calcutta Police.—On the 1st of April Sergeant Mulcahy was on rounds with Inspector Dwyer about noon in Juggernath Ghat area. On entering Galiff Street he found the road blocked with buffalo carts which he successfully cleared, and then sent telephone information to Headquarters and was told to proceed to Howrah Bridge. There he found the whole road blocked with carts and dustbins to form obstructions and found further progress impossible. He forced his way on foot through a crowd of carters and was heavily brickbatted from all sides in so doing. He started clearing obstructions on Howrah Bridge approach, and was then attacked by a dense crowd of carters who proceeded to hurl bricks at him. The Sergeant was unarmed and seized a stick from one of the carts and attacked the crowd and actually forced it back about 50 yards, until at a side gully he was surrounded, disarmed and his helmet torn off. He then protected himself with his bare fists successfully until he was struck across the face by an iron bar and had his nose broken. He staggered and at the same moment, received a blow across the mouth which broke several of his teeth, and was actually saved from certain death by the timely arrival of a party of Police who found him lying in blood and practically unconscious on the foot-path. He was revived by a drink of water and very pluckily proceeded and carried out his duties for almost an hour and afterwards when the Commissioner ordered him to be taken away to Hospital. He was detained in Hospital for over three weeks.

Sergeant Mulcahy displayed the greatest gallantry and perseverance in a very dangerous and menacing situation.

*18. Frederic Harry Burr, Sergeant, Calcutta Police.—During the disturbances in Calcutta on the 1st of April, Sergeant Burr was one of a party operating in the North District area where rioting took place in the afternoon. He was instrumental in making five arrests.

On the 15th of April, this officer was one of a party operating under the Commissioner of Police in the Bhowanipore area, where rioting of a grave nature was taking place by mobs principally composed of Sikhs. Sergeant Burr and Sergeant Kinchin, under orders of the Commissioner of Police, were engaged in dispersing a number of Sikhs who had been brickbatting the Police and chased this mob into a narrow gully between two houses. The brickbatting was so heavy that these two Sergeants found themselves alone in the gully which they managed to get through after being hit several times. Sergeant Burr had his right knee and left ankle cut open and then found Sergeant Kinchin on the ground ahead of him, being beaten with lathis by five or six Sikhs. He attempted to drive them off, but as others were approaching from the further end of the gully, he fired a round from his revolver without effect, and then had to fire again in defence of Sergeant Kinchin, and not until three men fell wounded, did the assailants take to flight; he then carried Sergeant Kinchin out of the gully into safety.

Sergeant Burr then participated in further charges on riotous Sikhs till the Bhowanipore area was cleared. He continued on duty the whole day, and at 11 p.m. had just broken off when an alarm came into Police Headquarters of a further riot in Bhowanipore. He went down and volunteered for duty and was put in charge of a party of police on a lorry and sent to the Bhowanipore area, where mobs were stoning cars, trams and pedestrians. On arrival his party were met with showers of bricks and under his orders the crowds were charged and dispersed up the whole length of Bhowanipore Road. This process was repeated till 2 a.m. and continuous lathi charges had to be made up and down the main road. In addition, raids had to be carried out on houses from the roofs of which stones were being hurled and several arrests were effected.

Sergeant Burr has displayed considerable qualities of leadership and has, in addition, exhibited great gallantry in the rescue of Ser-

geant Kinchin, who would otherwise undoubtedly have been murdered by his assailants.

*19. Felix O'Hara, Sergeant, Calcutta Police.—This officer who is a senior sergeant has done consistently good work throughout the period of trouble in connection with the carters' strike and the Civil Disobedience movement. He was attached to a Police station in which this movement was more vigorous than in any other. On frequent occasions he turned out single-handed or with only a few constables and broke up large unlawful assemblies and processions and by his example inspired the other officers of his Police Station, and was personally more largely responsible than any other subordinate officer in breaking up the Civil Disobedience movement in the North District.

On 23rd April 1930 the officer in charge of his Police Station arrested an individual for inciting the Police to disaffection. He was immediately set upon by a hostile crowd of over 600 persons. The arrested man was rescued and the officer in charge was in danger of being severely assaulted. Sergeant O'Hara single-handed fought his way into the middle of this crowd, protected the officer in charge against assaults and by his resolute and determined action, dispersed the crowd and brought his officer in charge in safety to the Police Station.

He has on many occasions been subjected to showers of brickbats and has received many minor injuries, but has never flinched from doing his duty and succeeding in his object, whether alone or supported by small bodies of constables.

*20. Manindra Chandra Pal, Constable and *21 Yakub Ali Khan, Constable.—On the 22nd April information was received at the Feni Railway Station, Assam Bengal Railway, that 4 suspicious persons had purchased tickets at Bhatiyari for Laksam. The Feni police decided to examine them at Feni and on their being pointed out by the guard, they were taken by a police party to the Station Master's office for examination. There they suddenly produced revolvers, opened fire on the police and escaped. A railway employee and a Sub-Inspector were wounded by the shots fired, but Constable Manindra Chandra Pal, who was unarmed, at once seized and hung on to a revolver in the hands of one of the assailants. Whilst doing so, he was shot by another in the thigh but, notwithstanding this, he stuck to the weapon, although he was not able to secure the person holding it. Thereupon constable Yakub Ali Khan rushed to his aid and hit the assailant with a lathi but he himself was shot. Both the constables showed conspicuous gallantry in the face of considerable danger and in spite of being severely wounded.

*22. George John Adamson, Inspector, Calcutta Police.—At 8-30 a.m. on the 6th May, Inspector G. J. Adamson of the River Traffic Police received information that volunteers were picketing the Ticket Office at the Port Commissioners' pontoons with the intention of stopping the Ferry Service. He proceeded with two Sergeants to Ramkrishnapore, where he found a crowd numbering about 50, restraining passengers from purchasing tickets. He arrested the leader and then with 10 constables and the two Sergeants proceeded to the various ghats to arrest the leaders of each gang of picketers. At Ahireetola in spite of a shower of brickbats he was successful; he then proceeded to another ghat and returned to Ramkrishnapore at about 11 a.m. On arrival there he found a crowd of picketers, about a thousand strong, at the head of the pontoon. He went to the head of the gangway and arrested first one accused, then another, and then a third accused and placed them under custody on the launch. The temper of the crowd was by this time becoming vicious, even so he endeavoured to arrest a fourth accused and actually did so. Then a shower of brickbats fell upon the party, and the accused seized hold of the Inspector's lathi and endeavoured to snatch it away. The hail of brickbats became so heavy and the temper of the crowd so vicious that the Inspector was compelled to relinquish his hold on his lathi and to draw his revolver. Manjhis who were on boats at the foot of the pontoon, jumped on the pontoon and endeavoured to cut off his retreat; he and the two Sergeants who were with him were thus surrounded and he himself was struck with a brickbat. He warned the crowd to disperse and to cease throwing brickbats, but no notice was taken of his warning. He had no alternative but to open fire. He himself fired three rounds and a Sergeant two. The crowd thereupon dispersed and the Manjhis returned to their boats. The Inspector then retreated in good order to the launch retaining in his custody the three accused. He then proceeded to Sibpore Ghat where he made further arrests.

The cool manner in which he with so small a party carried out orders and effected the arrest of the leaders of an angry mob shows great personal courage. The collected manner in which he handled his party when met with a hail of brickbats and threatened with the on-rush of an aggressive crowd and the fact that he succeeded in retaining the arrested persons in custody, denotes able leadership.

Inspector Adamson was awarded the King's Police Medal for gallantry in 1927, and is now awarded a bar to the medal.

*23. Jadu Nandan Singh, Constable, Eastern Bengal and Assam-Bengal Railway Police.—On the 30th May 1929, a woman fell into the river at Tistamukhghat with a little girl and an infant. The river was then in high flood. The passengers on board the steamer at the ghat and the people on the bank of the river raised an alarm when the woman and her children were in imminent danger of drowning. At this time constable Jadu Nandan Singh who went to the river to bathe on hearing the shouting hastened to the spot and jumped into the river at once and with considerable difficulty and at great personal risk succeeded in bringing the woman and her children to the shore with some assistance rendered by persons on a flat.

24. Archibald Douglas Gordon, Deputy Commissioner of Police, Calcutta.—This officer was transferred to the Calcutta Police

as Deputy Commissioner in November 1927 with a distinguished record in the Bengal Police. Since then he has held charge of the North District and Headquarters. His administrative work throughout has been of an exceptionally high standard. During the last year he was confronted with a peculiarly difficult and dangerous situation owing to the Civil Disobedience and allied movements. He had continually for weeks on end to deal with riots in the streets and potential disturbances which had only been prevented from materialising by efficient and vigorous preventive measures. He has secured in a striking degree the confidence of the Force and of the law-abiding sections of the public.

25. Frederick William Kidd, Superintendent of Police, Midnapore.—Since the commencement of the Civil Disobedience Movement Midnapore has been the storm centre of the province. Mr. Kidd, as Superintendent of Police of that district, has had to contend with open defiance of the law practically throughout three of the subdivisions of the district.

On the 6th June 1930 there was an organised attack by a mob of 4,000 to 6,000 on a Police Force which was making arrests at Chechahat after the brutal murder of Sub-Inspector Bholanath Ghosh. The whole area within a radius of seven to ten miles was reported to be out of control. Mr. Kidd himself went with a column of the Assam Rifles and conducted a successful raid on the camp of Congress volunteers, who were responsible for stirring up, organizing and leading the people in the attack on the police and seized important papers. In other dangerous areas within the district Mr. Kidd took a force and arrested the important ringleaders. Mr. Kidd has carried out his heavy task with courage and efficiency and his example has been of great value to his subordinates.

26. Promode Mohan Chakrabartti, Deputy Superintendent of Police (Officiating), Intelligence Branch, C. I. D., Bengal.—This officer entered the Bengal Police in 1910 and throughout his service has shown marked ability in detective work and has always carried out his duties at great personal risk.

(3) A subscriber who has no family shall similarly nominate a person or persons in the Form set forth in the Second Schedule:

Provided that a nomination made under this sub-rule shall be deemed to have been duly made in accordance with these rules only for so long as the subscriber has no family.

(4) If a subscriber at any time acquires a family he shall send to the Account Officer a nomination as provided in sub-rule (2), and, if he has under sub-rule (3) nominated any person other than a member of his family, he shall formally cancel the previous nomination.

(5) A subscriber may in his nomination distribute the amount that may stand to his credit in the Fund amongst his nominees at his own discretion.

(6) A nomination may be cancelled by a subscriber and replaced by any nomination which is permitted to be made under this rule.

Subscribers' Accounts.

6. An account shall be maintained in the name of each subscriber and shall show the amount standing to his credit in the Fund.

Conditions and Rates of Subscription.

7. Every officer who joins the Fund shall, with effect from the date of joining, pay to the Fund monthly subscriptions, which shall be an amount of whole rupees fixed as follows:—

(i) The amount shall be calculated at 6 per cent. of the emoluments due for the preceding month.

(ii) If the amount as calculated contains a fraction of a rupee, it shall be fixed—

(*a*) if the fraction is equal to or exceeds 8 annas, at the next higher amount of whole rupees;

(*b*) if the fraction is less than 8 annas, at the next lower amount of whole rupees:

Provided that a subscriber may, at his option, cease to subscribe in respect of any period of extraordinary leave or any period during which he is in receipt of subsistence grant.

8. When a subscriber is transferred to foreign service or sent on deputation out of India, he shall be subject to the rules of the Fund in the same manner as if he were not so transferred or deputed. He shall, before proceeding to join his new duty, intimate to the Account Officer the amount of his emoluments while on such foreign service or deputation, and the amount of the monthly subscription shall be based on these emoluments. When the amount of his emoluments is changed during the foreign service or deputation, the subscriber shall intimate the fact to the Account Officer.

Realisation of Subscriptions.

9.—(1) When emoluments are drawn from a Government treasury in India, or from the Home or a Colonial treasury, subscriptions on account of these emoluments shall be recovered from the emoluments themselves:

Provided that deductions in respect of sterling overseas pay, when admissible, shall be made in India.

(2) When emoluments are drawn from any other source, subscriptions shall be paid by remittance in cash to the Account Officer.

Interest.

10. Interest at the rate for the time being allowed on subscriptions to the General Provident Fund shall be credited by Government, as from the 31st March of each year, to the account of each subscriber to the Fund, subject to the following conditions:—

(i) Interest for 12 months shall be credited on the amount standing to the credit of the subscriber on the 31st March of the preceding year, less any sums withdrawn under clause (*b*) of Rule 12 during the year ending on the date of credit.

(ii) Interest shall be credited for each month of the year upon the sum by which the minimum amount standing to the credit of the subscriber, between the close of the fourth day and the end of the month, exceeded the amount on which interest is credited under condition (i). For the purpose of this rule, a subscription paid by deduction from emoluments shall be deemed to have been paid to the Fund on the first day of the month in which payment is actually made.

(iii) The total amount of interest credited to a subscriber's account as from 31st March in any year shall be rounded off to the nearest rupee in the manner provided in Rule 7.

(iv) Before the amount standing to a subscriber's credit in the Fund is paid under Rule 23, interest up to the end of the month preceding that in which the payment is made, or up to the end of the sixth month after the end of the month in which the subscriber quitted the service or died, whichever of these periods be less, shall be added thereto.

(v) The rate of interest shall be liable to revision on the 1st April of each year without notice.

(vi) Interest shall not be credited to the account of a Muhammadan subscriber if he informs the Account Officer that he does not wish to receive it; but if he subsequently asks for interest, it shall be credited with effect from the 1st April of the year in which he asks for it.

Contribution by Government.

11.—(1) The account of each subscriber who either joined the Indian Civil Service after 4th January 1923 and has elected to join the Fund under the option allowed by Rule 3, or has joined the Indian Civil Service after the institution of the Fund, shall, subject to the provisions of clause (2) of this rule, be credited on retirement or previous death with the sum of Rs. 6,000, as a contribution by Government. The accounts of other subscribers shall similarly be credited with the amounts specified in the Third Schedule.

(2) The contribution by Government shall not be paid to any subscriber who is dismissed or removed from service or who resigns without being entitled to a gratuity or pension. In the event of a subscriber retiring on proportionate pension, the amount of the Government contribution payable in each case shall be determined by the Secretary of State in Council.

Payments towards Insurance Policies and Family Pension Funds.

12. Subject to the conditions hereinafter contained in Rules 13 to 19—

(*a*)—(i) subscriptions to a family pension fund approved in this behalf by the Governor-General in Council.

(ii) payments towards an insurance policy, may, at the option of a subscriber, be substituted for the whole or part of subscriptions to the Fund;

(*b*) any amount standing to the credit of a subscriber in the Fund may be withdrawn to meet—

(i) payments towards an insurance policy;

(ii) purchase of a single payment insurance policy;

(iii) payment of single premia or subscriptions to a family pension fund approved in this behalf by the Governor-General in Council:

Provided that no amount shall be withdrawn to meet any payment or purchase made or effected more than 12 months before the withdrawal.

13.—(1) If the total amount of any subscriptions or payments substituted under clause (*a*) of Rule 12 is less than the amount of subscription payable to the Fund under Rule 7, the difference shall be rounded off to the nearest rupee in the manner provided in that Rule and paid by the subscriber as a subscription to the Fund.

(2) If the subscriber withdraws any amount standing to his credit in the Fund for any of the purposes specified in clause (*b*) of Rule 12, he shall, subject to his option under clause (*a*) of that Rule, continue to pay to the Fund the subscriptions payable under Rule 7.

14.—(1) A subscriber who desires to substitute a subscription or payment under clause (*a*) of Rule 12 may reduce his subscription to the Fund accordingly:

Provided that the subscriber shall—

(*a*) intimate to the Account Officer on his pay bill or by letter the fact of, and reason for, the reduction;

(*b*) send to the Account Officer, within such period as the Account Officer may require, receipts or certified copies of receipts in order to satisfy the Account Officer that the amount by which the subscription has been reduced was duly applied for the purposes specified in clause (*a*) of Rule 12.

(2) A subscriber who desires to withdraw any amount under clause (*b*) of Rule 12 shall —

(*a*) intimate the reason for the withdrawal to the Account Officer by letter;

(*b*) make arrangements with the Account Officer for the withdrawal;

(*c*) send to the Account Officer, within such period as the Account Officer may require, receipts or certified copies of receipts in order to satisfy the Account Officer that the amount withdrawn was duly applied for the purposes specified in clause (*b*) of Rule 12.

(3) The Account Officer shall order the recovery of any amount by which subscriptions have been reduced, or any amount withdrawn, in respect of which he has not been satisfied in the manner required by clause (*b*) of sub-rule (1) and clause (*c*) of sub-rule (2), with interest thereon at the rate provided in Rule 10, from the emoluments of the subscriber and place it to the credit of the subscriber in the Fund.

15.—(1) Government will not make any payments on behalf of subscribers to insurance companies, nor take steps to keep a policy alive.

(2) It is immaterial what form the policy takes, provided that it shall be on the life of the subscriber himself and shall (unless it is a policy expressed on the face of it to be for the benefit of his wife, or of his wife and children, or any of them) be such as may be legally assigned by the subscriber himself to the Secretary of State in Council.

(3) The policy may not be effected for the benefit of any beneficiary other than the wife of the subscriber or his wife and children or any of them.

16.—(1) The policy, within three months, or, in the case of an insurance company whose headquarters are outside India, within such further period as the Account Officer, if he is satisfied by the production of the completion certificate (interim receipt), may fix, after the first withholding of a subscription or withdrawal from the Fund in respect of the policy, shall—

(*a*) unless it is a policy expressed on the face of it to be for the benefit of the wife of the subscriber, or of his wife and children, or any of them, be assigned, by an endorsement on the policy in the Form set forth in the Fourth Schedule, to the Secretary of State in Council, as security for the payment of any sum which may become payable to the Fund by the subscriber under Rules 17 to 19, and delivered to the Account Officer;

(*b*) if it is a policy expressed on the face of it to be for the benefit of the wife of the subscriber, or of his wife and children, or any of them, be delivered to the Account Officer.

(2) The Account Officer shall satisfy himself by reference to the insurance company, where possible, that no prior assignment of the policy exists.

(3) If the policy is not assigned and delivered within the said period of three months of such further period as the Account Officer may, under sub-rule (1), have fixed, any amount withheld or withdrawn from the Fund in respect of the policy shall, with interest thereon at the rate provided in Rule 10, forthwith be paid or repaid, as the case may be, by the subscriber to the Fund, or, in default, be ordered by the Account Officer to be recovered by deduction from the emoluments of the subscriber, by instalments or otherwise, as the Local Government may direct.

(4) Notice of assignment of the policy shall be given by the subscriber to the insurance company, and the acknowledgment of the notice by the insurance company shall be sent to the Account Officer within three months of the date of assignment.

NOTE 1.—Subscribers are advised to send notice of the assignment to the insurance company in duplicate, accompanied, in cases in which the notice has to be sent to a company in Great Britain or Ireland, by a remittance of five shillings, which is the fee for the acknowledgment authorised by the Policies of Assurance Act, 1867. The policy itself, bearing the assignment endorsed thereon need not be sent to the company, as insurance companies do not ordinarily require the production of the original instruments affecting a policy-holder's title until the policy becomes a claim.

NOTE 2.—Subscribers who proceed to Great Britain or Ireland on quitting the service are advised that under the English Stamp Law assignments or reassignments are required to be stamped within 31 days of their first arrival in those countries. Otherwise penalty will be incurred under the Stamp Act, and difficulties may arise when the policy matures for payment.

17.—(1) Save as provided by sub-rule (2) of Rule 19, when the subscriber—

(*a*) quits the service, or

(*b*) has proceeded on leave preparatory to retirement and applies to the Account Officer for reassignment or return of the policy, or

(*c*) while on leave, has been permitted to retire or declared by a Medical Board to be unfit for further service and applies to the Account Officer for reassignment or return of the policy, or

(*d*) pays or repays to the Fund the whole of any amount withheld or withdrawn from the Fund for any of the purposes mentioned in sub-clause (ii) of clause (*a*) of Rule 12 and sub-clauses (i) and (ii) of clause (*b*) of Rule 12, with interest thereon at the rate provided in Rule 10,

the Account Officer shall—

(i) if the policy has been assigned to the Secretary of State in Council under Rule 16, reassign the policy in the first Form set forth in the Fifth Schedule to the subscriber, and make it over to the subscriber;

(ii) if the policy has been delivered to him under clause (*b*) of sub-rule (1) of Rule 16 make over the policy to the subscriber:

Provided that, if the subscriber, after proceeding on leave preparatory to retirement, or after being, while on leave, permitted to retire or declared by a Medical Board to be unfit for further service, returns to duty, any policy so reassigned or made over shall, if it has not matured or been assigned or charged or encumbered in any way, be again assigned to the Secretary of State in Council and delivered to the Account Officer, or again be delivered to the Account Officer, as the case may be, in the manner provided in Rule 16, and thereupon the provisions of these rules shall, so far as may be, again apply in respect of the policy:

Provided further that, if the policy has matured or been assigned or charged or encumbered in any way, the provisions of sub-rule (3) of Rule 16 applicable to a failure to assign and deliver a policy shall apply.

(2) Save as provided by sub-rule (2) of Rule 19, when the subscriber dies before quitting the service, the Account Officer shall—

(i) if the policy has been assigned to the Secretary of State in Council under Rule 16, assign the policy in the second Form set forth in the Fifth Schedule to such person as may be legally entitled to receive it, and shall make over the policy to such person;

(ii) if the policy has been delivered to him under clause (*b*) of sub-rule (1) of Rule 16, make over the policy to the beneficiary, if any, or if there is no beneficiary, to such person as may be legally entitled to receive it.

18.—(1) Save as provided by sub-rule (2) of Rule 19, if a policy assigned to the Secretary of State in Council under Rule 16 matures before the subscriber quits the service and before his death, the Account Officer shall realise the amount assured, and shall deduct therefrom the whole of any amount withheld or withdrawn from the Fund in respect of the policy, with interest thereon at the rate provided in Rule 10, and shall place the amount so deducted to the credit of the subscriber in the Fund. The balance, if any, shall, at the option of the subscriber, be paid to the subscriber or placed to the credit of the subscriber in the Fund.

(2) Save as provided by sub-rule (2) of Rule 19, if a policy delivered to the Account Officer under clause (*b*) of sub-rule (1) of Rule 16 matures before the subscriber quits the service and before his death, the Account Officer shall make over the policy to the subscriber, who shall pay or re-pay to the Fund the whole of any amount withheld or withdrawn from the Fund in respect of the policy, with interest thereon at the rate provided in Rule 10, and, in default, the provisions of sub-rule (3) of Rule 16 applicable to a failure to assign and deliver a policy shall apply.

19.—(1) If—

(*a*) the interest of the subscriber in the family pension fund ceases from any cause whatsoever, or

(*b*) the policy lapses or becomes assigned, otherwise than to the Secretary of State in Council under Rule 16, charged or encumbered,

the provisions of sub-rule (3) of Rule 16 applicable to a failure to assign and deliver a policy shall apply.

(2) If the Account Officer receives notice of—

(*a*) an assignment (otherwise than an assignment to the Secretary of State in Council under Rule 16) of, or

(*b*) a charge or encumbrance on, or

(*c*) an order of a Court restraining dealings with—

the policy or any amount realised thereon, the Account Officer shall not—

(i) assign or reassign or make over the policy as provided in Rule 17, or

(ii) realise the amount assured by the policy, or dispose of any part of any amount so realised, or make over the policy, as provided in Rule 18, and shall forthwith refer the matter to the Governor-General in Council.

Circumstances in which Accumulations are payable.

20.—(1) When a subscriber quits the service, the amount standing to his credit in the Fund shall become payable to him.

(2) A subscriber who has been removed from the service and has been paid an amount standing to his credit shall, if he is subsequently reinstated in the service, repay that amount, with interest thereon at the rate provided in Rule 10, in the manner provided in the proviso to Rule 21, and the amount so repaid shall be credited to his account in the Fund.

21. When a subscriber—

(*a*) has proceeded on leave preparatory to retirement, or

(*b*) while on leave, has been permitted to retire or been declared by a Medical Board to be unfit for further service,

the amount standing to his credit in the Fund shall, upon application made by him in that behalf to the Account Officer, become payable to the subscriber:

Provided that the subscriber, if he returns to duty, shall, if required to do so by the Local Government, repay to the Fund, for credit to his account, the whole or part of any amount paid to him from the Fund in pursuance of this rule, with interest thereon at the rate provided in Rule 10, in cash or securities, or partly in cash and partly in securities, by instalments or otherwise, by recovery from his emoluments or otherwise, as the Local Government may direct.

22. On the death of a subscriber before quitting the service—

(i) When the subscriber leaves a family—

(*a*) if a nomination made by the subscriber in accordance with the provisions of Rule 5 in favour of a member or members of his family subsists, the amount standing to his credit in the Fund or the part thereof to which the nomination relates shall become payable to his nominee or nominees in the proportion specified in the nomination;

(*b*) if no such nomination in favour of a member or members of the family of the subscriber subsists, or if such nomination relates only to a part of the amount standing to his credit in the Fund, the whole amount or the part thereof to which the nomination does not relate, as the case may be, shall, notwithstanding any nomination purporting to be in favour of any person or persons other than a member or members of his family, become payable to the members of his family in equal shares:

Provided that no share shall be payable to—

(1) sons who have attained legal majority;

(2) sons of a deceased son who have attained legal majority;

(3) married daughters whose husbands are alive;

(4) married daughters of a deceased son whose husbands are alive,

if there is any member of the family other than those specified in clauses (1), (2), (3) and (4);

Provided also that the widow or widows and the child or children of a deceased son shall receive between them in equal parts only the share which that son would have received if he had survived the subscriber.

NOTE.—Any sum payable under these rules to a member of the family of a subscriber vests in such member under sub-section (2) of section 3 of the Provident Funds Act, 1925.

(ii) When the subscriber leaves no family, if a nomination made by him in accordance with the provisions of Rule 5 in favour of any person or persons subsists, the amount standing to his credit in the Fund or the part thereof to which the nomination relates, shall become payable to his nominee or nominees in the proportion specified in the nomination.

NOTE 1.—When a nominee is a dependant of the subscriber as defined in clause (*c*) of section 2 of the Provident Funds Act, 1925, the amount vests in such nominee under sub-section (2) of section 3 of that Act.

NOTE 2.—When the subscriber leaves no family and no nomination made by him in accordance with the provisions of Rule 5 subsists, or if such nomination relates only to part of the amount standing to his credit in the Fund, the relevant provisions of clause (*b*) and of sub-clause (ii) of clause (*c*) of sub-section (I) of section 4 of the Provident Funds Act, 1925, are applicable to the whole amount or the part thereof to which the nomination does not relate.

Payments.

23.—(1) When the amount standing to the credit of a subscriber in the Fund becomes payable, it shall be the duty of the Account Officer to make payment as provided in section 4 of the Provident Funds Act, 1925.

(2) If the person to whom, under these rules, any amount or policy is to be paid, assigned, reassigned or delivered is a lunatic for whose estate a manager has been appointed in this behalf under the Indian Lunacy Act, 1912, the payment or reassignment or delivery will be made to such manager, and not to the lunatic.

(3) Any person who desires to claim payment under this rule should send a written application in that behalf to the Account Officer.

Procedure.

24. All sums paid into the Fund under these Rules shall be credited in the books of the Government of India to an account named "The Indian Civil Service (Non-European Members) Provident Fund Account." Sums of which payment has not been taken within six months after they become payable under these Rules shall be transferred to "Deposits" at the end of the year and treated under the ordinary rules relating to deposits.

25. When paying a subscription in India either by deduction from emoluments or in cash, a subscriber shall quote the number of his account in the Fund, which shall be communicated to him by the Account Officer. Any change in the number shall similarly be communicated to the subscriber by the Account Officer.

26.—(1) As soon as possible after the close of each year, the Account Officer shall send to each subscriber a statement of his account in the Fund, showing the opening balance as on the 1st April of the year, the total amount credited or debited during the year, the total amount of interest credited as on the 31st March of the year, and the closing balance on that date. The Account Officer shall attach to the statement of account an inquiry whether the subscriber—

(*a*) desires to make any alteration in any nomination made under Rule 5;

(*b*) has acquired a family [in cases where the subscriber has made no nomination in favour of a member of his family under sub-rule (2) of Rule 5].

(2) Subscribers should satisfy themselves as to the correctness of the annual statement, and errors should be brought to the notice of the Account Officer within six months from the date of receipt of the statement.

(3) The Account Officer shall, if required by a subscriber, once, but not more than once, in a year, inform the subscriber of the total amount standing to his credit in the Fund at the end of the last month for which his account has been written up.

Resolution on the reports from Commissioners of Divisions on the working of the Municipalities in Bengal (except Calcutta) during 1929-30.

GOVERNMENT OF BENGAL.

Local Self-Government Department.

CALCUTTA, THE 6TH JANUARY 1931.

RESOLUTION—No. 21M.

Minister-in-charge: The Hon'ble Mr. Bijoy Prasad Singh Roy.

Read—

Reports from Commissioners of Divisions on the working of the Municipalities in Bengal (except Calcutta) during 1929-30.

Constitution and boundaries.—No change of real importance occurred in the constitution and boundaries of municipalities in Bengal in 1929-30. The passing of the Dum-Dum Cantonment replaced by the Dum-Dum Municipality was not, perhaps, without a shade of historical interest. Routine alone requires mention of a slight extension in the area of the municipality of Nawabganj in Malda. The small municipality of Baruipur was suspended for incompetence arising out of local factions.

2. **Population, ratepayers, and elections.**—The student of municipal franchise in Bengal cannot too often be reminded that out of a male population, excluding Calcutta, of 1,320,000 as recorded at the census of 1921, only 332,340 persons are ratepayers, and many of these not qualified to vote; while in no less than ten of the industrial boroughs with a large labour population ratepayers number less than one-tenth of the urban inhabitants. An unexpected result of the substitution of the rate on holdings for a rate on persons in Mymensingh was to reduce the rate-paying element below ten per cent. of population. But, especially in the smaller towns, those who possess the vote continue to exercise it with growing interest. There were only thirteen general elections and nine of them attracted over 75 per cent. of the voters to the polls. It was noticed in the preceding Resolution that the Commissioners designate elected in Dacca in July 1928 were awaiting the issue of Civil Court proceedings to assume office. They were waiting still at the end of the year under review, but assumed their long expected office shortly after its close.

3. **Meetings.**—As a measure of municipal activity it is usual to record the total number of meetings held—2,496 in 1929-30 as against 2,450 in 1928-29. At one extreme is the breathless energy of the Bansberia Municipality which held 119 meetings in 48 days (through some ingenious device of taking each subject at a special meeting as a separate special meeting). At the other extreme only two small municipalities fall three meetings short of the monthly standard. For the rest Divisional Commissioners uniformly record a reasonable number of meetings and a good percentage of attendance. It is to be remembered that with the scantiest exceptions the whole of this deliberative work goes on under a non-official executive and without official intervention; and there is no question of its spontaneous vitality.

4. **Rates and taxes.**—The alternative systems of rating in force in Bengal, on persons and on holdings, and a want of uniformity in the standards of municipal assessment make it impossible to speak in the terms of the proceeds of an anna rate, and one of the most valuable data for financial comparison with other municipal systems is therefore lacking. It is, however, sufficiently significant of the lightness of the burden imposed by municipal rates that the average incidence per head on urban population for the province as a whole was only Rs. 3-8-10 (as against Rs. 3-5-11 in the preceding year), that in no town did it touch Rs. 10 per head, and that in no less than fourteen of the petty boroughs the incidence was actually below Re. 1 per head. Nevertheless it is a healthy sign that the total receipts from taxation rose by Rs. 3·78 lakhs to Rs. 71·52 lakhs. One interesting feature is that Darjeeling Municipality, which for many years has shown the heaviest figures for incidence of taxation per head, now stands below Howrah and Kurseong with the figure of Rs. 9-5-7 as against their Rs. 9-14 and Rs. 9-12, respectively. The appearance of Howrah at the head of the list

of incidence is due apparently to vigorous collection of arrears and revision of assessment: while the fall of over one rupee per head in the incidence of taxation in Darjeeling seems to call for the scrutiny of the Municipal Board. Characteristic of the Councillors' conservatism, pressed it is to be feared to extremes in Bengal, is the refusal of the Burdwan Municipality to raise a lighting rate, though the installation of electric lighting clearly calls for the cost of this special service to be met by a rate *ad hoc* and not left a burden on the general fund. Revision as usual showed an increase in almost all cases, though the actual figures, subject as they are to the whittling away process of the Appeal Committee, cannot be relied on with any sense of finality.

5. **Collections.**—The total collection of rates increased from Rs. 66·4 to Rs. 69 lakhs, though a decrease in the percentage of collection on current demand from 94·45 to 92·87 detracts from the satisfactory impression to which these figures might give rise. The townships of Nalchiti and Garulia have become proverbial in this Resolution for realising their full demand without remission and achieved this standard again; and seven others realized over 100 per cent. of their demand, the historical little town of Vishnupur touching 110 per cent. At the other extreme is the singular case of Serajganj, where the Appeal Committee's deliberations on the revision of assessment resulted in remission of *more than half* of the demand.

Outstanding arrears increased by nearly two lakhs of rupees to Rs. 18·76 lakhs and now actually total well over a quarter of the current demand. Howrah Municipality, following the example of her neighbour across the river, has allowed arrears to mount up to Rs. 6,66,000; and other serious instances of arrears are Dacca Rs. 2,46,000 and Hooghly and Mymensingh with three-quarters of a lakh each on the rate roll of an ordinary district headquarters town. Howrah has undertaken a vigorous campaign to work off arrears; and Dacca hampered both by civil litigation and communal strife has made a praiseworthy effort to maintain stability. For these and other towns individual excuses can be made; but any picture of municipal administration in Bengal would be defective which did not mention the persistent struggle of District Officers with the support of the Ministry to induce so many townships to face squarely and resolutely this problem of accumulating arrears.

6. **Income, expenditure and balances.**—It is usual in this Resolution to summarise figures under these heads, devoid of analytical value as this bare information must be; and it may be mentioned therefore that the total receipts including opening balances rose from Rs. 129·6 lakhs to Rs. 132·4 lakhs, the total expenditure from Rs. 114·6 lakhs to Rs. 117·6 lakhs while the total balances remained stationary at Rs. 15 lakhs. It will at least adjust the perspective to observe that the total financial transactions of all municipalities outside Calcutta, including its important suburb of Howrah and the large town of Dacca, amount to about half the Calcutta Municipal Budget; and that their expenditure was approximately Rs. 5·4 per head of urban population as against five times this ratio in Calcutta! It is difficult to strike a medium in the balances between immobilising an excessive amount of the year's revenue and cutting the margin too fine for prompt settlement of liabilities. Dacca and Narayanganj perhaps erred on the former side and Mymensingh and Barisal on the latter. It is certain that if liabilities were strictly checked up against liabilities on the 31st March many municipalities would be faced with a deficit account: and that is one reason why Bengal municipalities as a whole possess practically no independent credit.

7. **Education.**—The total expenditure on education including the Government grant of Rs. 1·2 lakhs rose from Rs. 4·57 lakhs in the preceding year to Rs. 4·8 lakhs, the expenditure on primary education showing a corresponding increase of Rs. 15,500. The increase in the total expenditure was most marked in Jalpaiguri (Rs. 5,577) due to the construction of a building for a new primary school. There were also noticeable increases in Budge-Budge (Rs. 3,956) and Narayanganj (Rs. 3,536). The increase in the former was due to the establishment of an additional primary school, while that in the latter has not been explained. The expenditure fell considerably in Berhampore (Rs. 3,794) and there was no expenditure under this head in the new municipality of Dum-Dum and

in the small municipalities of Dainhat and Gouripur. Fifteen municipalities spent less than 3·2 per cent. of their ordinary income which is the proportion a municipality is expected to spend on primary education, while the ratio was over 10 per cent. in seventeen municipalities. In Berhampore one free primary school of the Biss type was started in addition to the existing ones and another was nearing completion. South Dum-Dum also established three primary schools and Budge-Budge two under that scheme. In Narayanganj the establishment of a few such schools was under contemplation, while in the Mymensingh district no scheme was started by any of the municipalities for imparting free primary education.

As a rule municipalities do not seem to have taken a sufficiently serious view of their duties regarding the education of the young children within their boundaries. Little advance has been made, and in more than one case schools have had to be abandoned owing to the inability of the municipality to provide the necessary money. Chittagong is a noteworthy exception. There the Municipal Commissioners have tackled the problem of illitoracy courageously and already made great progress. A very careful survey is being made of the work done there, and it is hoped in a short time that a completely satisfactory scheme will be in operation in the municipality which will not only deal adequately with the question of juvenile education in the area but also serve as a model and stimulus to other municipalities in the Presidency.

8. **Water supply.**—Statistics for municipal expenditure on water supply, unlike those of district boards, are dominated by the influence of a few individual schemes, and payments for construction at Raniganj, Dacca and Faridpur mainly account for an increase in the total expenditure under this head from Rs. 12·05 to Rs. 17·25 lakhs. The Patuakhali waterworks were completed and handed over to the municipality; and, as is almost invariably the case, the effect of a supply from works on the reduction of cholera was remarkable.

One development which has come more into evidence since the year under review is a certain reaction against waterworks of the conventional type with a supply from one centralised source in favour of local tube wells. Brahmanbaria, for instance, have abandoned their waterworks scheme and surrendered grants exceeding Rs. 94,000 under this influence. Howrah have supplemented their supply from the Hooghly with two 5-inch tube wells and Baranagar have sunk a 2½-inch well with an electric pump. Various other municipalities are mentioned as relying on tube wells on a smaller scale. It remains to be seen whether a series of tube wells in a town can ever afford a supply of the same regularity, permanence, and tested purity as that from one centralised source through a municipal waterworks system; but certainly this is one of the developments to be reckoned with in future.

9. **Conservancy and drainage.**—With the completion of the Titagarh Sewerage Scheme, a most interesting model for the sewerage of an industrial borough, there are now two towns in Bengal outside Calcutta possessing sewerage systems; and their proper control under an Act forty years old which contemplated nothing of the kind offers certain technical difficulties. For the rest conservancy is entirely dependent on sweeper labour; and the problem of obtaining and retaining this grows more and more troublesome. Dacca has introduced certain concessions, such as maternity leave, and it is gradually being realised that sweeper labour must be provided with quarters and not hovels. The total expenditure on conservancy, relieved of construction at Titagarh decreased from Rs. 33·7 lakhs to Rs. 25·14 lakhs; and as usual municipalities shirked the burden of meeting the cost of this necessary, but wholly unremunerative, service out of the direct rate provided for the purpose, by encroaching on the general funds to the extent of over Rs. 6 lakhs. Expenditure on drainage, incurred mostly on petty works of paving and cleaning surface drains, increased from Rs. 3,71,000 to Rs. 5,58,000 as the result of construction in the industrial municipality of Bhatpara.

10. **Lighting.**—The growth of local electric supply companies is creating possibilities of improvement in the lighting of district headquarter towns out of all proportion to any increased expenditure involved. Rangpur changed over to electricity lights in its main streets and proposals are before several other municipal boards. The total cost of town lighting in Bengal was Rs. 6·56

lakhs, an increase of more than half a lakh over that for the previous year. While the total urban population of Bengal outside Calcutta are provided with municipal lighting at the average cost of four persons to the rupee per annum it is not to be wondered that in the majority of rural townships a handful of oil lamps is dignified with that name.

11. **Public health.**—This paragraph is concerned with the many-sided activities in this field of the Bengal municipal authorities rather than with the phases of public health prominent during the year. Expenditure on the pay of public health officers of various grades Rs. 1·91 lakhs was slightly below that of the previous year; but for no important reasons. A very few towns have not worked up to the standard of public health officer they are required to employ but in general there has been no reluctance to do so. The usual precautionary measures of disinfection and inoculation were taken wherever epidemic disease broke out; and if no town was afflicted with such disease to a degree requiring special mention it is largely because this preventive work has become so much a matter of routine on its first appearance. The townspeople of Dacca showed an unexpected dislike for inoculation against cholera, after a marked advance in the previous year; but the vaccinator went ahead where the inoculator retired and recorded the town's maximum figures for small-pox vaccination. Burdwan and Muktagacha municipalities are mentioned as employing female vaccinators. Malaria and Kala-azar are diseases far less easily pinned down by urban prevention, but the work of the Birnagar Palli Mandal deserves its usual notice.

The Food Adulteration Act appears on the whole to have been vigorously administered by municipal health authorities, especially in Dacca, Mymensingh and Khulna; and 400 prosecutions in all are reported to have taken place, of which 346 ended in conviction. There are complaints that the sentences imposed are sometimes so light as practically to frustrate the labour of prosecution, a complaint which is after all not confined to urban health authorities in Bengal. The Ministry have recently been made acquainted with a practice in one or two towns of compromising prosecutions under the Food Adulteration Act in return for payments to the municipal fund and have expressed their disapproval of an expedient so obviously liable to abuse and tending to detract from the efficacy of the Act. Several municipalities report having held *dai* training classes with the aid of the Government grant for the purpose; and Chittagong, with a characteristic touch of enterprise, finishes off the course with the presentation of a certificate and well-equipped midwifery bag to the *dai* completing the course; and maintains a trained midwife for free attendance at delivery cases in households whose earnings do not exceed Rs. 50 per mensem. It must be admitted that maternity welfare work in the rural towns is still in an elementary state; but at least the consciousness of the need for it has been aroused.

12. **Public works.**—The problem of urban communications presents the only feature of general interest under this head; and roads account for expenditure of Rs. 8,42,000 leaving just under Rs. 3 lakhs spent on other miscellaneous works. The expenditure on roads, and the mileage of roads, 1,330 miles metalled and 1,611 unmetalled, all alike show a reduction on figures of the previous year. This reduction in expenditure is not serious, significant as it is by contrast with the small degree of expansion noticed under other financial heads; but it is certainly symptomatic of the feeling in so many municipal boards that the task of maintaining urban roads up to modern standards under the pressure of motor traffic is slipping rapidly out of their grasp. It seems clear that municipalities have little to expect from the Central Road Fund, the proceeds of which are intended rather for the improvement of arterial highways; but it is to be hoped that legislation for the taxation of motor vehicles, on the lines of that recently carried in Behar, will do something to supplement the resources of these local bodies for reconstruction and maintenance of the main town roads.

Apart from the financial question the problem of assigning responsibility between a district board and municipalities for short lengths of municipal road which form for all practical purposes part of a district highway has recently come into prominence. The district board of the 24-Parganas declined to continue a long-existing but not legalised understanding under which

they repaired numerous roads in municipal areas, especially a continuous length known as the Ghosepara Road to the north of Calcutta. The disrepair of the road increased with dissensions as to the responsibility for its upkeep, until eventually the municipalities concerned faced the *de facto* position, while the district board is left responsible for certain detached lengths of municipal roads formally transferred to it by notification.

13. **Loans.**—The total indebtedness of municipalities outside Calcutta amounted at the end of the year to Rs. 26·2 lakhs. This figure represents a very slight contraction notwithstanding the grant of loans of Rs. 1,60,000 to Dacca, Rs. 1,57,000 to Howrah, Rs. 75,000 to Narayanganj and Rs. 40,000 to Faridpur. New loans were granted for the improvement of water supply, and in Dacca also for conservancy improvements. The limited scale of capital commitments which the figures for total indebtedness imply, and the lack of independent credit which debars the average municipality from any prospect of borrowing in the open market dominate the loans position.

14. **Audit and accounts.**—Emphasis was placed in the last Resolution on the importance of strict and effective audit of municipal accounts coupled with publicity of the audit report and promptness in attention to defects revealed, if these local bodies are to realise the full measure of their status as self-governing institutions. In keeping with this policy the Ministry have directed the publication of the annual report of the Examiner of Local Accounts, and the report for 1928-29 was published this year. It would be mere duplication therefore to enter into the details even of the more important audits, and it will be enough to mention that, with the exception of serious defalcations in Darjeeling and Hooghly-Chinsurah and a few temporary misappropriations, audit in 1929-30 brought to light no major scandals in municipal administration. There is the same host of audit objections, which mere regularity of office procedure and attention to easily accessible rules would so often avoid, and the same complaint of delay in dealing with audit notes. Municipal administration in Bengal has a very long way to go before these criticisms disappear. Both defalcations mentioned were followed by prosecutions which ended in the conviction of the culprit, but it must be confessed that in minor cases the tendency to accept restitution and drop proceedings too often prevails. Government have always set their face against this facile course, and no remarks could be more apposite than those in the Report of the English Ministry of Health for the year 1929-30: "The Minister desires to emphasise the necessity for local authorities to avoid any action in connexion with the recovery of moneys misappropriated or wrongly retained which could possibly be considered as compounding the offence."

15. **General remarks.**—There is a sameness about the comments of Commissioners and local officers on the working of municipalities year by year which corresponds no doubt to the static condition of these bodies but makes it difficult to single out any special features in this annual review. The lack of that civic sense which renders cheerfully acceptable the burden of higher taxation in consideration of the urban benefits which this alone can confer, the fear among Municipal Commissioners of the unpopularity arising from imposing on townspeople standards above the common ideal, the frustration by faction of the best intentioned efforts for the welfare and even the current routine administration of a rural township, such are the difficulties stressed in general comments this year as in many years preceding. It is dispiriting to read the opinion of a District Officer with wide experience of municipalities and no lack of sympathy with their endeavours that, if the paradox may be permitted, the municipality which worked best was that which had ceased to exist, its affairs having been entrusted to a single official nominee after supersession. Yet on the other hand there is general recognition that the elective and representative principle has become deep-seated in the consciousness of the classes to whom municipal franchise extends; and that if municipal bodies tend to sacrifie the more obvious material needs such as roads to meet the cost of public health measures and kindered services, they do so with a hearty goodwill for progress in the latter direction and with the support of the townspeople for their aims. In brief the balance sheet of Bengal municipal administration reads for better and worse much as it has read for several years past, and as in all likelihood it will read for some years to come.

The names of the following Chairmen, Vice-Chairmen, and Municipal Commissioners have been brought to the notice of Government on account of good work done by them, and the Government of Bengal (Ministry of Local Self-Government) desire to express their appreciation of the public spirit shown by these gentlemen :—

B. L. SUBARWAL,

Personal Assistant to the Chief Engineer to the Government of Bengal.

CALCUTTA, *the 6th January 1931.*

GOVERNMENT OF BENGAL.

Local Self-Government Department.

Public Health.

NOTIFICATION.

Minister-in-charge: The Hon'ble Mr. Bijoy Prasad Singh Roy.

No. 27P.H.—7th January 1931.—The following report is published for general information:—

Report of the Rural Public Health Committee.

The Government of Bengal (Ministry of Local Self-Government) appointed a committee of officials and non-officials to advise generally on public health in rural areas by their Resolution No. 97P.H., dated the 11th January 1930, which runs as follows:—

The Government of Bengal have had under consideration for some time past the improvement of measures for the prevention of epidemic disease in the rural areas of Bengal. It was realised as far back as 1919 that a Central Organisation for control of public health measures however efficient was powerless to achieve any results alone. There must be agents distributed over the whole province competent to give effect to the measures prescribed. With this end in view a Public Health Bill was drafted in 1919, the main features of which were the conversion of local boards into rural sanitary authorities and the employment by them of a sanitary staff and the amendment of the Cess Act to provide for a Sanitary Cess. This Bill, however, was not introduced in the Legislative Council.

2. Meanwhile the system of union boards under the Bengal Village Self-Government Act of 1919 has been introduced in most of the districts, and provides a net work of self-governing units which can be utilised with advantage towards decentralisation of public health measures in the rural areas.

3. Another step in the direction of decentralisation was made in the year 1925 with the formulation of a scheme of Public Health Organisation in rural areas. Under this scheme the district boards open public health centres, one in each rural thana of a district, in charge of a Sanitary Inspector or Assistant Health Officer. The cost of the scheme is borne by Government, while the units are under the control of the district board through the agency of the District Health Officer. The function of these units is to obtain information regarding the health conditions in the areas in the charge and to take measures of prevention against the spread of epidemic diseases. This scheme was given effect to in 1927 and since then 517 units have been established in 517 of 574 rural thanas in the province.

4. In order that the staff attached to the public health units may have the support of public opinion, Public Health Committees are being formed in many of the thanas with public health centres. It is contemplated that these committees should on the one hand operate for the decentralisation of public health work in matters of purely local interest and on the other serve as a co-ordinating agency for the work of union boards in measures extending over a larger area than that of a single union board.

5. In 1928, a short Bill was introduced by Dr. Kumud Sankar Ray in the local Legislative Council with the object of controlling epidemic diseases. The Bill provided for the prompt supply of information, particularly by medical practitioners, about the existence of infectious diseases to the authorities in charge of sanitation, who were to be armed with larger powers for taking preventive steps. Some tendency was shown in discussions in the Select Committee to widen its scope by placing further responsibilities on union boards. The Bill could not however be taken into consideration in the Legislative Council which was dissolved towards the close of the year. The material offered by this Bill and discussions in the Select Committee suggest another line of approach to the task of co-ordinating public health work in rural

areas. At the same time Government in the Ministry of Public Health are of opinion that with so much ground-work already prepared future measures for the improvement of public health in rural areas should be linked with these thana rural health centres and with the system of union boards.

6. The Government (Ministry of Local Self-Government) have accordingly decided to appoint a committee of official and non-official consisting of the following members to advise generally on public health in rural areas:—

Hon'ble Minister-in-charge, Local Self-Government Department.

Director of Public Health.

Dr. Kumud Sankar Ray.*

Dr. Bidhan Chandra Roy.*

Babu Nalini Ranjan Sarcar.*

Khan Bahadur Alimuzzaman Choudhury, Chairman, Faridpur District Board.

Rai Bahadur Jogesh Chandra Sen, Chairman, 24-Parganas District Board.

Mr. Altaf Ali, Chairman, Bogra District Board.

Mr. Philpot, District Magistrate of Howrah.

Lieutenant-Colonel A. D. Stewart, I.M.S., Director-Designate, All-India Institute of Hygiene and Public Health.

Secretary, Local Self-Government Department.

Dr. K. P. Mukherjee, District Health Officer, Howrah.

The Assistant Secretary to the Government in the Local Self-Government Department will act as Secretary to the Committee.

The terms of reference to the Committee will be:—

"To consider measures necessary in the interests of public health in rural areas for preventing the spread of infectious diseases and for taking precautions against their outbreak with special reference to the rural public health units and union boards."

The Committee has examined the powers of local bodies in the matter of rural public health and also the general working of the "Scheme for rural health units (Appendix I)" in relation to these powers. It has also perused Dr. K. S. Roy's Bill of 1929 for Prevention of Dangerous Diseases (Appendix II) and certain reports about union board movement. The conclusions arrived at by the Committee as the result of their deliberations are reported below together with their recommendations for the consideration of Government.

The first point that has impressed the Committee is the need for substituting for the present Sanitation Sub-Committee of the District Board a Public Health Committee with greater independence of status and transferring to this body the general supervision and control of the rural public health activities in the district. The Committee observe that section 91 of the Local Self-Government Act already provides for a Sanitation Committee of the district board, and that rules have been framed by Government under that section for the purpose of such a Sanitation Committee. The Committee, however, is limited to a maximum of 5, and the rules provide only for the optional delegation of certain functions to the Committee, a procedure which in the opinion of the Committee does not give the Sanitation Committee of the district board sufficiently independent status. It is recommended that the membership of the proposed Public Health Committee of the district board should be increased to a minimum of 5 and to a maximum of 9 or 10 which should include the Chairman, the Vice-Chairman and the Civil Surgeon, representatives of each subdivision, and co-opted members. Amendment of section 91 of the Act would be necessary for this purpose. It is not known how far district boards have delegated powers in accordance with the rules made under section 91, but such delegation should be made compulsory. The existing rules give the Sanitation Committee no financial powers. This should be improved

* These members did not attend any meetings of the Committee.

on by requiring the district board to frame generally a budget for the proposed Public Health Committee in consultation with them and place funds in accordance with that budget at the disposal of the Committee.

As regards the functions of the Public Health Committee thus reconstituted, it is recommended that in addition to those contemplated in the existing rules the Committee should be given powers to reserve any tank, to prohibit the taking of water from any tank for drinking purpose in case of an epidemic and to direct that revaccination be made compulsory in the case of outbreak of small-pox, and inoculation be made compulsory in the case of an outbreak of cholera for specified areas. It is possible that authority for this measure would be found in rules under the Epidemic Diseases Act, but, if not, the necessary legislation should be undertaken. The Committee should also be given all the sanitary powers vested in union boards under sections 27 and 28 of the Village Self-Government Act subject to a right of appeal by the aggrieved party to the District Board. The Committee should further be empowered to frame bye-laws for the isolation and segregation of persons suffering from infectious disease, subject to the sanction of the Commissioner of the Division.

The Committee considered the question of giving local boards more independent status in regard to public health, but found this principle difficult to reconcile with the powers proposed for the Sanitation Sub-Committee, and have no recommendation to make on this behalf.

As regards the public health staff of a district board, the Committee observe that section 91 of the Local Self-Government Act requires a district board to appoint a Sanitary Inspector; and it may be considered whether this provision for the appointment of a Sanitary Inspector could be made applicable to the type of District Health Officer now appointed by district boards with the assistance of a grant of half his pay from Government. The Committee would recommend the amendment of section 91 so as to designate these Inspectors as District Health Officers. In order to avoid confusion the Committee would also refer to officers in charge of rural health units as "Thana Sanitary Inspectors" to distinguish them from the Sanitary Inspectors appointed under section 91. The Committee appreciate the value of the system of rural health units introduced with Government aid.

The Committee recommend, with some hesitation, that the appointment of a Thana Sanitary Inspector for each thana should be made a statutory obligation, but contemplate that if this is done it should be provided that Government will bear the cost of such a measure to the same extent as they are in fact bearing it at present. With a view to adequate inspection of rural health units the Committee would also like to see an Assistant Health Officer of the qualification of a District Health Officer in charge of rural public health work in each subdivision, but recognise that Government would have to meet half the cost of the pay of such officers and that the financial burden involved would be considerable. They further recommend that the conditions of the scheme for the grant for rural health units should be amended so as to allow of district boards appointing more than one assistant to the Thana Sanitary Inspector in large thanas, and understand that the cost of this measure might be found within the existing maximum of Rs. 12 lakhs per annum assigned to grants for rural public health units.

As regards the public health staff under union boards, the Committee would recommend that union boards should be authorised to employ a health assistant of the type of assistant to the Sanitary Inspector either for the purposes of one union or for the purposes of two or three unions if they combine for the purpose. This would involve amendment of the Village Self-Government Act.

The Committee considered the system for reporting epidemic disease, and after some discussion agreed that statutory obligation should attach to the President of a union board to report the outbreak of epidemic disease to the thana Sanitary Inspector. Chaukidars should be required to report epidemic disease to the President, and the rules for the chaukidari reward fund should be amended so as to authorise the grant of rewards for prompt reporting of such diseases and a fine for failure to report within 48 hours. The Committee approved generally of making medical practitioners legally responsible for reporting epidemic disease, it being understood that medical practitioners should be defined so as to include homeopathic and other unregistered practitioners. Such report should be made to the President; and the Committee would not oppose a penalty clause for

failure to discharge this duty on the lines of that contemplated in Dr. Roy's Bill provided that the word "attend" is substituted for the word "cognisant." Some doubts were expressed as to whether the grant of a reward to medical practitioners would have any practical effect, but it was decided to recommend that union boards should be authorised to pay a reward of Re. 1 to medical practitioners for reporting the first case or batch of cases of the outbreak of an epidemic in any village.

As regards segregation and isolation in hâts, melas and bazars, it was recommended that the Village Self-Government Act should be amended to give union boards the necessary powers, it being understood, however, that this would not preclude similar jurisdiction on the part of the Sanitation Committee of the District Board as already recommended. The Committee have perused a note (Appendix III) showing to what extent the changes recommended could be given effect to without legislation, and to what extent legislation would be necessary, and recommend that in cases in which action can be taken in the sense recommended by executive orders or by modification of statutory rules, Government in the Ministry of Public Health should proceed at once to take the necessary steps.

The Hon'ble Minister in the Chair resigned before circulation of the Report for signature, but was generally in agreement as Chairman of the Committee with its recommendations.

Subject to a note of dissent.

Note of dissent by Khan Bahadur Alimuzzaman Choudhury, Chairman, Faridpur District Board.

I sign the report subject to the following remarks. Health Units are established in thanas or in other words as Thana Units. It is apparent that the areas of thanas are not uniform. For instance in the district of Faridpur, the area of thanas varies from 42 square miles to 171 square miles. It is apparent that same kind of efficient work cannot be expected from a staff (being the same) in a large thana as in a small area. Dr. Bentley's original suggestion was an area of 100 square miles for each unit, but that does not seem to be practicable. I therefore suggest that areas of thanas which exceed 100 square miles should be provided with two staffs. This may entail a higher expenditure, but I do not think it will be prohibitive. From actual experience I can say that thanas with large areas could not be properly managed as smaller ones. This subject was discussed by the same committee but not included in the report. I earnestly place this suggestion for serious consideration of the Government.

APPENDIX II.

THE PREVENTION OF DANGEROUS DISEASES BILL, 1929.

[By Dr. Kumud Sankar Ray, M.L.C.]

WHEREAS it is expedient to provide for the control and prevention of dangerous diseases in Bengal;

5 & 6, Geo. V, c. 61; 6 & 7, Geo. V, c. 37; 9 & 10 Geo. V, c. 101.

And whereas the previous sanction of the Governor-General has been obtained under sub-section (3) of section 80A of the Government of India Act to the passing of this Act;

It is hereby enacted as follows:—

1. (*i*) This Act may be called the Prevention of Dangerous Diseases Act, 1929.

(*ii*) It extends to the whole of Bengal (except places where the Calcutta Municipal Act, 1923, is in force).

(*iii*) It shall come into force on .

2. For the purpose of this Act, unless there is anything repugnant in the subject or context,—

(*a*) "Dangerous diseases" mean—

(*i*) cholera, plague, small-pox, cerebrospinal meningitis, diphtheria, open tuberculosis, and

(*ii*) any other epidemic, endemic or infectious disease which the Local Government may, by notification in the *Calcutta Gazette*, declare to be a dangerous disease for the purposes of this Act.

3. Every medical practitioner who, in the course of his practice, becomes cognizant of the existence of any dangerous disease in any private or public dwelling house, other than a public hospital, shall give information of the same with the least practicable delay to the President of the Union Panchayet, or Chairman of the Municipality or the Health Officer, within whose jurisdiction the disease happens to occur in such form and with such details as the Local Government may direct from time to time.

4. The President of the Union Panchayet, or the Chairman of the Municipality, or the Health Officer, or any officer employed and authorised by the aforesaid in their behalf may, at any time by day or by night without notice or by giving such notice of his intention as may in the circumstances appear to him to be reasonable, inspect any place within his jurisdiction in which any dangerous disease is reported or suspected to exist and take such measures as he may think fit to prevent the spread of the said disease beyond such place.

5. (*i*) If it appears to the President of the Union Panchayet, or the Chairman of the Municipality, or the Health Officer that the water in any well, tank, or other place within his jurisdiction, is likely, if used for the purposes of drinking or for any other domestic purpose, to endanger or cause the spread of any dangerous disease, he may, by public notice, prohibit the removal, or use of the said water for such purpose.

(*ii*) No person shall remove or use for such purpose any water in respect of which any such public notice has been issued.

6. (*i*) If the President of the Union Board, or the Chairman of the Municipality, or the Health Officer or any officer authorised by the aforesaid in their behalf, is of opinion that the cleansing or disinfecting of any building or any part of a building or any article therein which is likely to retain infection, or any tank, pool, or well adjacent to a building, would tend to prevent or check the spread of any dangerous disease, he may cleanse, disinfect such building, part, article, tank, pool, or well and may by written notice require the occupier of such building or any part thereof to vacate the same for such time as may be prescribed in such notice.

(*ii*) The cost of cleansing or disinfecting any building or part thereof or any article therein under sub-section (*i*) shall be paid by the occupier of such building and the cost of cleansing or disinfecting any tank, pool or well under the said sub-section shall be paid by the person in actual possession of such tank, pool or well or, if there be no such person, by the owner thereof:

Provided that if, in the opinion of the President, Union Panchayet, or the Chairman of the Municipality, or the Health Officer, the owner or occupier is from poverty unable to pay the said cost,

the President of the Union Panchayet, or the Chairman of the Municipality, or the Health Officer may direct payment thereof from the funds at their disposal.

7. The President of any Union Board, or the Chairman of any Municipality, or the Health Officer may give a reward of any sum not exceeding one rupee to any person giving information about the existence of any dangerous disease at any place within his jurisdiction.

8. It shall be competent for the Local Government to prescribe from time to time what diseases are to be deemed dangerous diseases for purposes of this Act and to publish the same in the *Calcutta Gazette* and to prescribe the form and details to be supplied by medical practitioners under section 3 of the Act.

9. Whoever knowingly contravenes the provision of this Act, shall be liable to pay a fine not exceeding Rs. 25.

STATEMENT OF OBJECTS AND REASONS.

The incidence of infectious and epidemic diseases in Bengal is very high. Every year a large number of people fall victims to the ravages of these diseases, which, under proper control, has been greatly reduced in other countries. The control and prevention of such diseases in this province are an immediate necessity. Prompt supply of information about the existence of any such disease to the authorities in charge of sanitation concerned, particularly from medical men who are conversant with the causes and effect of diseases, should be ensured; and the said authorities should have more powers of control for enforcing notification, so that necessary preventive measures may be taken with the least possible delay. It is with these objects in view that the Bill has been introduced.

KUMUD SANKAR RAY,

Member-in-charge.

CALCUTTA:

The 12th June, 1929.

APPENDIX III.

Note showing Provisional Recommendations of Committee on Rural Public Health with action necessary on each case.

Recommendations of Public Health Committee.	*Action necessary.*
I. **District Board Health Committees.**—The status of the Health Committee of the District Board as a quasi-independent authority under the District Board should be emphasised, and possibly the Health Committee should be strengthened by the co-option of members interested in public health.	*Vide* section 91, Local Self-Government Act, and rules made thereunder. A good deal might be done in this direction without legislation, but co-option of members and complete independent powers for the Sanitation Committee would probably involve amendment of the Act.
II. **Local Board.**—The Local Board should constitute a comparatively independent and effective health committee for the control of the staff and measures for safeguarding public health within the subdivision. For this purpose it should be strengthened by the co-option of persons interested in public health. Subject to some kind of control by the District Board through the District Board Health Committee, *e.g.*, specific delegation of powers of the local authority, it should constitute an independent health authority for the purposes of the subdivision.	A good deal could be done in this way, without amendment of the Act; by direction under section 101, Local Self-Government Act.
III. **Staff (1).**—Thana Sanitary Inspectors should be given a recognised place in the public health organisation of the District Board.	It is doubtful whether section 91 of the Local Self-Government Act can be made applicable to the new type of Sanitary Inspectors or a fresh clause should be added to the Act. Possibly rules under section 91(3) of the Local Self-Government Act could be amended to give rural Sanitary Inspectors a quasi-statutory position. Also rules are required, and are under preparation defining their functions.
IV. **Staff (2).**—District Boards should be authorized to employ more than one assistant to each Sanitary Inspector. *N.B.*—Non-official members of the conference were particularly insistent on the value of the services of these assistants to Sanitary Inspectors.	Subject to the concurrence of Government as a whole we might amend scheme for grants for rural health units so as to permit of employment of more than one assistant under each Sanitary Inspector.
V. **Staff (3).**—A Union Board should be authorized to employ a health officer of the type of assistant to the Sanitary Inspector for the purposes of one Union if he desires.	Amendment of the Village Self-Government Act not actually necessary, but perhaps desirable. See section 36 read with sections 26(*1*) (*b*) (*c*) of Village Self-Government Act.
VI. **Staff (4).**—A group of two or three Unions should be authorized to co-operate in the employment of an Assistant Sanitary Inspector. *N.B.*—In the above two cases of employment of Assistant Sanitary Inspectors by Union Boards grant should, if possible, be made.	Amendment of the Village Self-Government Act, on lines of Bill already framed to empower two or more Union Boards to maintain a joint dispensary.
VII. **Epidemic Diseases Notification and Segregation.**—The President of a Union Board should be made legally responsible for notification of epidemic disease reported to him to the Sanitary Inspector but no penalty should attach to him personally for failure to discharge this duty.	Amendment of the Village Self-Government Act, by insertion of new section between sections 35 and 36.
VIII. Prompt reporting of epidemic disease should entitle chaukidars to a reward.	Addition of a clause to section 23 of the Village Self-Government Act requiring chaukidars to report epidemic diseases and revision of rules about chaukidars' rewards.
N.B.—Systems for transmission of information by chaukidars were discussed.	Would be formulated in executive instructions.

Recommendations of Public Health Committee.	*Action necessary.*
IX. **Responsibility of Medical Practitioners for Reporting Epidemic Disease.**—Medical practitioners should be made legally responsible for reporting epidemic diseases which they had attended. The Committee would not oppose a penalty clause for failure to discharge this duty provided that the word "attend" is substituted for "cognisant" in the clause of Dr. Roy's Bill.	Legislation by a clause *ad hoc*.
X.—Reward to be payable for information given by the Medical Practitioner.	Amendment of section 53, Local Self-Government Act, and of section 46, Village Self-Government Act, making payment of such rewards legitimate object of expenditure by District Board or Union Board.
XI.—**Compulsory Revaccination.**—The local authority (*i.e.*, District Board or Local Board), regarded as the public health authority for a subdivision, might direct that revaccination be made compulsory within the specified area for a specified period on occasions of epidemic.	Notification by Government under the Epidemic Diseases Act on recommendation of the Local Body. See rules 16 and 17 of Rules under this Act for Asansol Mining Settlement.
XII.—**Inoculation against Cholera.**—Same principle as compulsory revaccination.	Same principle as compulsory revaccination.
XIII.—**Isolation and Segregation of persons suffering from infectious disease.**—(1) District Boards might be empowered to frame bye-laws regarding segregation suitable to their district.	Amendment of Local Self-Government Act, either at section 139 or section 87 to give District Boards power of removal and segregation which probably go beyond scope of a notification under Epidemic Diseases Act.
XIV.—(2) Union Boards might from time to time be vested with permissive powers for segregation and isolation, especially with reference to hats and places of public resorts in the Union Board area, on the occasion of an epidemic.	Similar amendment of the Village Self-Government Act, if not covered by rules under section 101(*2*)(*j*) read with sections 26 and 27, Village Self-Government Act.

From—Sir Charles Tegart, Kt., c.i.e., m.v.o., Commissioner of Police, Calcutta.

To—The Secretary to the Government of Bengal, Local Self-Government Department.

I have the honour to submit herewith the report of the Chief Officer of the Calcutta Fire Brigade for the financial year ending 31st March 1930.

The Chief Officer's report gives full details of the working of the Brigade.

No. F. B. 350, dated Calcutta, the 18th August 1930.

From—A. Frederick, Esq., officiating Chief Officer, Calcutta Fire Brigade.

To—The Secretary to the Government of Bengal, Local Self-Government Department.

(Through Sir C. A. Tegart, Kt.,c.i.e., m.v.o., Commissioner of Police, Calcutta.)

I have the honour to submit the following report on the working of the Calcutta Fire Brigade for the year ending the 31st March 1930. Captain B. A. Westbrook, o.b.e., was in command of the Fire Brigade up to the 24th February 1930, when he proceeded on leave out of India and I took over charge from him.

2. The year under review was not a very exacting one. There was an increase in the number of serious fires which accounts for the increased damage during the year.

3. **Financial statement.**—The statement of receipts and expenditure and payments made by municipalities within the jurisdiction of the Fire Brigade and Licensed Warehouse Act (I of 1893) is given in Appendix I.

4. **Fires.**—The total number of calls for fires or supposed fires was 617, being a decrease of 18 as compared with the previous ten years and a decrease of 17 as compared with the previous year.

5. The number of wilful false alarms was 51, being a decrease as compared with the figure of the previous year. Four wilful false alarms were received from private telephones through the Telephone Exchange, and the Bengal Telephone Company took necessary action in the matter. The number of false arms due to electrical defects was 37 against 26 in the previous year and the number of false alarms due to lightning on telephone circuits was 9.

6. The calls are classified as follows:—

Fires	499
False alarms, wilful	51
False alarms, with good intent	7
False alarms due to electrical defects	37
False alarms cause by lightning on fire alarm circuits ..	9
Calls for special service (house collapse, etc.)	10
False alarms from private telephones	4
	617

On	109 days	1 fire	or supposed fire occurred ..	109
On	79 ,,	2 fires	ditto ..	158
On	55 ,,	3 ,,	ditto ..	165
On	20 ,,	4 ,,	ditto ..	80
On	7 ,,	5 ,,	ditto ..	35
On	2 ,,	6 ,,	ditto ..	12
On	2 ,,	7 ,,	ditto ..	14
On	3 ,,	8 ,,	ditto ..	24
On	1 day	20 ,,	ditto ..	20
				617

7. The actual number of calls received during the year was 941 as compared with 888 during the previous year, and the figure includes instances where more than one call was received for the same fire. The calls were transmitted as follows:—

Three hundred and sixty-four (346 in 1928-29) by street fire alarms; 531 (488 in 1928-29) from private telephones; 10 (7 during 1928-29) from Police and direct fire telephones; 24 (24 during 1928-29) by messengers giving information at Fire Brigade stations; 12 (23 during 1928-29) from Fire Brigade look-out men at various Fire Brigade stations.

8. In 162 cases the first information of fires was received by means of street fire alarms, and it is satisfactory to note that the fire alarm system is gradually being more appreciated by the public. On

the other hand 51 malicious false alarms were received through this system and in very few cases were the offenders apprehended.

Fire occurred in 42 premises licensed under the Licensed Warehouse and Fire Brigade Act I of 1893, as compared with 38 in the previous year.

9. In 332 cases fires were extinguished by means of first-aid machines, chemical fire extinguishers, buckets of water by individual firemen, or by the occupants before the arrival of the Fire Brigade; in 66 cases by 1 motor fire engine; in 2 cases by 1 motor fire engine and hydrants; in 1 case by 1 motor fire engine and fire float; in 26 cases by 2 motor fire engines; in 2 cases by 2 motor fire engines and hydrant; in 1 case by 2 motor fire engines and mill hydrants; in 6 cases by 3 motor fire engines; in 1 case by 3 motor fire engines and trailer; in 1 case by 3 motor fire engines, hydrants and fire float; in 5 cases by 4 motor fire engines; in 1 case by 4 motor fire engines and trailer pump; in 1 case by 4 motor fire engines, press-hydrants and fire float; in 2 cases by 4 motor fire engines; hydrants and sprinklers; in 1 case by 5 motor fire engines and hydrant, in 1 case by 5 motor fire engines, mill hydrants and sprinklers; in 1 case by 6 motor fire engines, and fire float; in 2 cases by 6 motor fire eggines, fire float, hydrants and trailer pump; in 1 case by 7 motor fire engines, trailer pump, hydrants and fire float; in 1 case by fire float; in 20 cases by cutting out switches and fuses; in 13 cases by jets from hydrants; in 12 cases by sand.

10. **Fire loss.**—The total damage caused by fire and water during the year has been estimated at Rs. 13,40,774, being an increase of Rs. 7,27,977 as compared with the previous year. The average damage per fire is Rs. 2,687 as compared with an average for the last 10 years of Rs. 2,429. The average fire loss per annum for the last 10 years is Rs. 15,50,712.

11. The fire loss per fire is classified as follows:—

358 fires under Rs. 100.
95 fires from Rs. 100 to Rs. 1,000.
21 fires from Rs. 1,000 to Rs. 5,000.
10 fires from Rs. 5,000 to Rs. 20,000.
14 fires from Rs. 20,000 to Rs. 1,00,000.
1 fire above Rs. 1,00,000.

The following summaries are given in the Appendix:—

Districts in which fires or supposed fires occurred	..	II
Damage cause by fire, etc., in various districts	..	III
Short reports of fire of Rs. 20,000 damage and over	..	IV
Number of "turns-out" from each fire-station	..	V

12. **Appliances.**—The following is a list of the principal appliances now in commission by the Calcutta Fire Brigade:—

Eighteen motor fire engines as follows:—

Two motor pumps 600-800 gallons per minute capacity, fitted with scaling ladders, etc. (motor pumps Nos. 2 and 18).

Four motor pumps 500-700 gallons per minute capacity, fitted with 55 telescopic ladders, etc. (motor pumps Nos.1, 15, 19 and 20).

Two motor pumps 450-550 gallons per minute capacity, fitted with telescopic ladders, first-aid cylinders and reels, scaling ladders, etc. (motor pumps Nos. 9 and 10).

Three motor pumps 450 gallons per minute capacity, fitted with scaling ladders, etc. (motor pumps Nos. 8, 11 and 14).

Three motor pumps 400-500 gallons per minute capacity, fitted with telescopic ladders, first-aid cylinders and reels, etc. (motor pumps Nos. 5, 6 and 7).

Three motor pumps 250 gallons per minute capacity, fitted with telescopic ladders, first-aid cylinders and reels, etc. (specially designed for use in narrow streets and congested areas) (motor pumps Nos. 3, 12 and 16).

One motor trailer pump 250 gallons per minute capacity (specially designed for use in positions that cannot be reached by the ordinary type of motor fire engines).

One mechanically-operated 85 feet motor turntable ladder, 1 motor lorry fitted as an emergency tender, 1 motor car, one 60 feet turntable ladder (converted for motor traction), 15 hook ladders, 43 scaling ladders, 11 smoke helmets and breathing apparatus, 54,375 feet of 2½ inch unlined canvas hose, etc.

The appliances are distributed as follows:—

Headquarters.—Five motor fire engines (Nos. 2. 15, 16, 19 and 20); 1 motor trailer pump; 1 motor emergency tender; 1 motor lorry; 1 motor car; 3 hook ladders; 4 scaling ladders; 9 smoke helmets and 20,100 feet of 2½ inch canvas hose.

Central Avenue.—Five motor fire engines (Nos. 1, 3, 5, 10 and 18); one 85 feet mechanically-operated motor turntable ladder; 6 hook ladders; 11 scaling ladders; 2 smoke helmets and 12,825 feet of canvas hose.

Cossipore.—Two motor fire engines (Nos. 9 and 7); 3 hook ladders and 10 scaling ladders and 7,200 feet of canvas hose; one 60 feet turntable ladder.

Howrah.—Two motor fire engines (Nos. 6 and 11); 3 hook ladders; 10 scaling ladders and 6,375 feet of canvas hose.

Garden Reach.—One motor fire engine (motor pump No. 14); 4 scaling ladders and 3,150 feet of canvas hose.

Sibpur.—One motor fire engine (No. 12); 1 telescopic ladder, 1 smoke helmet and 2,100 feet of canvas hose.

Nimtolla.—One fire engine (No. 8); 4 scaling ladders and 2,625 feet of canvas hose.

It is estimated that the motor appliances travelled 11,037 miles during the year to and from calls.

13. **Fire stations.**—Appendix V gives the number of times each fire station has been turned out in response to fire calls, together with monthly statements.

Fire Brigade headquarters is still located in rented premises in Corporation Place. The present premises are not suitable and have not the accommodation required for either the staff or the appliances.

In order to cope with increasing fire risks in the Nimtolla and Burra Bazar areas a fire station has been opened in May 1930 at Darmahatta Street.

14. Provision for a fire station at Kalighat has been made in the budget estimate of 1930-31. Plans and estimates have been prepared and submitted to Government for sanction and it is anticipated that the fire station will be constructed at an early date.

15. **Staff.**—The strength of the Brigade during the year was 268 as detailed below:—

One Chief Officer, 1 Second Officer, 1 Chief Engineer, 5 Station Officers, 8 Engineers, 7 European firemen, 1 Warehouse Inspector, 3 clerks, 1 store-keeper, 3 telephone operators, 2 carpenters, 2 lathe mistries, 1 fitter, 1 blacksmith, 1 tinsmith, 1 head-tindal, 18 tindals, 190 khallasis, 2 bhistis, 5 mehtars, 3 peons, 1 moochi and 10 Indian drivers.

The conduct and discipline of the staff throughout the year have been excellent.

16. **Fatalities and accidents.**—Appendix VI gives short reports of fires involving loss of life or serious accidents.

During the year under review the number of lives lost was 17 as compared with 13 during the previous year. Thirty-four persons were injured at fires as compared with 28 during the previous year.

First-aid was rendered by the Fire Brigade, where necessary, and the injured persons conveyed to hospitals by ambulances.

17. **Water supply.**—The electrical pumping arrangements at Mullick Ghat and Watgunge Pumping Stations are satisfactory and there has been no serious shortage of water in the area covered by mains of sufficient diameter from these stations. It is also expected that attention will be paid in the near future to the growing localities where the original small mains have not been replaced with mains of larger diameter.

18. There have been instances when the pumping station has had to be closed down for the purpose of relaying mains, repairing burst mains, hydrants, etc., and during such periods improvised arrangements have been made by the Fire Brigade to cope with the risk of fires, and fortunately, such arrangements have so far been successful in dealing with any fires which have occurred, but there is every possibility of serious conflagrations during such periods.

19. Regarding the provision of water supply for fire extinguishing purposes in the Chitpur-Cossipore area I regret to have to repeat again that no water is available in this area except from the various tanks in the locality. These tanks are being filled up on sanitary grounds and for building purposes, and the water shortage in this area is a matter for serious concern. Chitpore-Cossipore abounds in serious fire-risks, and there is every possibility of very large fires occurring.

20. The water scarcity in Howrah also gives rise to the greatest anxiety. Some considerable time ago a satisfactory and inexpensive scheme for the provision of fire hydrants on the supply mains to the

overhead reservoirs was devised and suggested to the Howrah Municipality. I would like to emphasise that the locality is becoming very congested and serious fire-risks are numerous.

I am pleased to note that the municipal authorities have now called for estimates and it is hoped that the above scheme will be put into operation in no distant date.

21. **Fire Float.**—The fire float (5,000 gallons per minute capacity) is stationed on the river opposite Prinsep's Ghat and responded to 16 calls during the year.

22. **Street fire alarms, telephones and electrical communication.**—I am pleased to be able to report that all street fire alarms, telephones, etc., have been maintained in a highly satisfactory state of repair and efficiency by the Bengal Telephone Company, and the thanks of the Fire Brigade are due to the telephone operators and the staff of the Company for their prompt attention and ready assistance at all times.

23. **Inspection Department.**—Theatres, cinemas and places of public amusement are inspected by an official of the Corporation of Calcutta under the Municipal Act. Many Indian theatres are badly designed, and the construction is bad; overcrowding frequently takes place, and I would emphasise here the necessity for greater adherence to the Corporation by-laws for theatres and stricter supervision. Chemical fire extinguishers are frequently found out of order and water buckets empty.

24. In connection with the Licensed Warehouse and Fire Brigade Act I of 1893, 5,764 inspection of warehouses have been made during the year. Five hundred and twenty-two applications and complaints have been attended to and disposed of. One hundred and fifteen prosecutions were made under section 14 of Act I of 1893, which resulted in 53 persons being fined, the fines aggregating in all to Rs. 879-8. Nine persons were warned and discharged, 11 persons were acquitted, 10 cases were withdrawn and 32 cases were filed owing to there being no trace of the parties concerned.

25. **General.**—The Calcutta Fire Brigade protects the City of Calcutta and the Municipality of Howrah, and may attend fires outside the boundaries of the above (not exceeding a radius of 6 miles from the central fire station, provided appliances can be spared and on payment of a prescribed fee). The total area protected is approximately 120 square miles.

26. **Ambulance Department.**—The Motor Ambulance Department has done excellent work during the year under review, and there is no doubt that this service is thoroughly appreciated by the public. No less than 17,296 (15,861 in 1928-29) calls have been received during the year.

Owing to no accommodation being available in hospital 1,123 cases had to be taken from hospital to hospital in search of beds for patients. Of these cases accommodation for 701 was eventually found and the patients admitted to hospital, but the remainder had to be returned to their homes either by ambulances or by some other means of conveyance. It has been found necessary to require persons requisitioning ambulances to make previous arrangements for accommodation of patients in hospitals before ambulances respond to calls for ordinary cases of sickness in houses.

Street beggars have been a great strain on this department and ambulances have been occupied for no less than 1,786 hours in dealing with cases of this nature.

Ambulances are frequently requisitioned unnecessarily for cases which can be removed to hospital by other means. It is hoped that the public will discontinue this practice, as thereby many other deserving cases are bound to be delayed.

Appendix VIII gives a brief summary of the work done and Appendix IX gives the rules governing the department.

The staff consists of 10 drivers and 20 attendants with 12 motor ambulances. Several of these machines have been in commission for over 9 years and there was a provision for 4 new ambulances in the Corporation budget for 1929-30 which has also been carried over to 1930-31. It is now necessary that new ambulances should be purchased without delay and put into commission, as the present number of machines is inadequate to cope with the increased number of calls.

The department is maintained financially by the Government and the Corporation of Calcutta.

The receipts during the year amounted to Rs. 4,523 and the total expenditure was Rs. 54,000. The contribution from the Government was Rs. 11,800, and the balance of Rs. 42,200 was paid by the Corporation of Calcutta.

NOTIFICATIONS.

No. 86-F.—12th January 1931.—The Government of Bengal are pleased to sanction the following amendment to the Bengal Treasury Manual, Part II:—

Page 15.—*Delete* Question No. 1.

No. 125F.—16th January 1931.—In exercise of the powers conferred by Rules 41, 42 and 44 of the Civil Services (Classification, Control and Appeal) Rules, published with the Government of India notification No. F.-9-3-30, dated the 19th June 1930, the Governor in Council and the Governor acting with his Ministers are pleased to sanction the following amendments to the Fundamental Rules to be applied in the case of members of the provincial and subordinate services and those holding special posts under the Government of Bengal:—

Fundamental Rule 9.—*For* sub-clause (*a*) of clause (*23*) *substitute* the following:—

(*a*) to save him from a loss of substantive pay, in respect of a permanent post other than

a tenure post, due to a revision of pay or to any reduction of such substantive pay otherwise than as a disciplinary measure;

Fundamental Rule 9.—*For* clause (*28*) *substitute* the following:—

"Substantive pay means the pay other than special pay, personal pay or emoluments classed as pay by the Governor General in Council under Rule 9 (*21*) (*a*) (*iii*), to which a Government servant is entitled on account of a post to which he has been appointed substantively or by reasons of his substantive position in a cadre".

Fundamental Rule 9.—*After* clause (*30*) *insert* the following:—

"(*30A*) Tenure post means a permanent post which an individual Government servant may not hold for more than a limited period.

Note.—In case of doubt a Local Government may decide whether a particular post is or is not a tenure post".

Fundamental Rule 9.—*Number* the existing clause (*31*) as (*31*) (*a*) and *add* the following thereafter:—

"(*b*) Time-scales are said to be identical if the minimum, the maximum, the period of increment and the rate of increment of the time-scales are identical.

(*c*) A post is said to be on the same time-scale as another post on a time-scale if the two time-scales are identical and the posts fall within a cadre, or a class in a cadre, such cadre or class having been created in order to fill all posts involving duties of approximately the same character or degree of responsibility, in a service or establishment or group of establishments; so that the pay of the holder of any particular post is determined by his position in the cadre or class and not by the fact that he holds that post".

Fundamental Rule 21.—In this rule *for* the figure "32" *substitute* the figure "31".

Fundamental Rule 22.—*Substitute* the following:—

"The initial substantive pay of a Government servant who is appointed substantively to a post on a time-scale of pay is regulated as follows:—

(*a*) If he holds a lien on a permanent post, other than a tenure post, or would hold a lien on such a post had his lien not been suspended under Rule 13,—

(*i*) when appointment to the new post involves the assumption of duties or responsibilities of greater importance (as interpreted for the purposes of Rule 30) than those attaching to such permanent post, he will draw as initial pay the stage of the time-scale next above his substantive pay in respect of the old post;

(*ii*) when appointment to the new post does not involve such assumption, he will draw as initial pay the stage of the time-scale which is equal to his substantive pay in respect of the old post, or, if there is no such stage, the stage next below that pay, plus personal pay equal to the difference, and in either case will continue to draw that pay until such time as he would have received an increment in the time-scale of the old post, or for the period after which an increment is earned in the time-scale of the new post, whichever is less.

(*b*) If the conditions prescribed in clause (*a*) are not fulfilled, he will draw as initial pay the minimum of the time-scale.

Provided, both in cases covered by clause (*a*) and in those covered by clause (*b*), that if he either—

(*1*) has previously held substantively or officiated in—

(*i*) the same post, or

(*ii*) a permanent or temporary post on the same time-scale, or

(*iii*) a permanent post, other than a tenure post, on an identical time-scale, or a temporary post on an identical time-scale, such post being on the same time-scale as a permanent post, or

(*2*) is appointed substantively to a tenure post on a time-scale identical with that of another tenure post which he has previously held substantively or in which he has previously officiated,

then the initial pay shall not be less than the pay, other than special pay, personal pay or emoluments classed as pay by the Governor General in Council under Rule 9 (*21*) (*a*) (*iii*), which he drew on the last such occasion, and he shall count for increments the period during which he drew that pay on such last and any previous occasions.

Note.—For the purposes of this Rule sterling overseas pay shall be converted into rupees at such rate of exchange as the Secretary of State in Council may by order prescribe".

Fundamental Rule 26.—*For* clause (*a*) *substitute* the following:—

(*a*) All duty in a post on a time-scale counts for increments in that time-scale.

Fundamental Rule 26.—At the end of clause (*c*) *add* the following:—

"This clause applies also to a Government servant who is not actually officiating in the lower post at the time of his appointment to the higher post, but who would have so officiated had he not been appointed to the higher post".

Fundamental Rule 30.—*For* the first paragraph of clause (*1*) *substitute* the following:—

"Subject to the provisions of Chapter VI a Government servant who is appointed to officiate in a post shall not draw pay higher than his substantive pay in respect of a permanent post, other than a tenure post, unless the post in which he is appointed to officiate is one of those enumerated in the schedule to this Rule or unless the officiating appointment involves the assumption of duties and responsibilities of greater importance than those attaching to the post, other than a tenure post, on which he holds a lien or would hold a lien had his lien not been suspended under Rule 13".

Fundamental Rule 30.—In the second proviso of clause (*l*), *for* the words "the extra allowance, if any" *substitute* the words "any special pay".

Fundamental Rule 30.—*For* clause (*2*) *substitute* the following:—

"For the purpose of this Rule the officiating appointment shall not be deemed to involve the assumption of duties or responsibilities of greater importance if the post to which it is made is on the same scale of pay as the permanent post, other than a tenure post, on which he holds a lien or would hold a lien had his lien not been suspended under Rule 13, or on a scale of pay identical therewith".

Fundamental Rule 31.—*For* this rule *substitute* the following:—

"Subject to the provisions of Rules 26 (*c*), 30 and 35, a Government servant officiating in a post will draw the presumptive pay of that post, provided that, if the presumptive pay of the permanent post on which he holds a lien or would hold a lien had his lien not been suspended under Rule 13, should at any time be greater than the presumptive pay of the post in which he officiates, he will draw the presumptive pay of the permanent post".

Fundamental Rule 32.—*Delete* this rule.

Fundamental Rule 34.—*Delete* this rule.

Fundamental Rule 100.—In clause (*c*) *for* the words "permanent post for a fixed term" in both places where those words occur *substitute* the words "tenure post".

FINANCE DEPARTMENT.

NOTIFICATION.

New Delhi, the 29th December 1930.

No. F.-2-XVI-R.-II/30.—In exercise of the powers conferred by Rules 33 (2), 37, 42 and 44 (*d*) of the Civil Services (Classification, Control and Appeal) Rules, 1930, the Governor General in Council is pleased to make the following amendments in the Civil Pensions (Commutation) Rules, namely:—

I. For Rule 4 the following Rule shall be substituted:—

"4. On the application of any Government servant to whom Rule 3 does not apply, the sanctioning authority may, subject to the condition that the uncommuted residue of the pension shall not be less than Rs. 240 *per annum*, sanction the commutation for a lump payment of a portion, not exceeding one-half, of any pension which has been or is about to be granted to him under civil rules; provided that, in calculating the amount of the uncommuted residue, there may be added to it the uncommuted portion of any other permanent pension or pensions payable to the applicant from Indian or other Government revenues."

II. For Rule 6 the following Rule shall be substituted:—

"6 (1) On receipt of an application for commutation the sanctioning authority shall transmit to the applicant a copy of the Account Officer's certificate of lump sum payable on commutation in the event of his being reported by such medical authority as may be prescribed to be a fit subject for commutation, and shall at the same time instruct him to appear for examination before the said medical authority within three months from the date of its order, or, if he has applied for commutation in advance of the date of his retirement, within three months of that date but in no case earlier than the actual date of retirement. This intimation shall constitute administrative sanction to commutation, but shall lapse if the medical examination does not take place within the

period prescribed in the sanctioning order. The applicant may withdraw his application by written notice at any time before the medical examination takes place, but this option shall expire on his appearance before the medical authority.

Provided that, if the medical authority directs that his age for the purpose of commutation shall be assumed to be greater than his actual age, the applicant may withdraw his application within two weeks from the date on which he receives intimation of the revised sum payable on commutation, or, if this sum is already stated in the sanctioning order, within two weeks from the date on which he is informed of the finding of the medical authority.

If the applicant does not withdraw in writing his application within the period of two weeks prescribed above, he shall be assumed to have accepted the sum offered.

(2) Subject to the provision contained in clause (3) of this rule the commutation shall become absolute, that is, the title to receive the commuted portion of the pension shall cease and the title to receive the commuted value shall accrue, in the case of an unimpaired life on the date on which the medical authority signs the medical certificate; and, in the case of an impaired life, on the date of written acceptance of the commutation, or the date on which the option of withdrawing the application expires, whichever is earlier. Payment of the commuted value shall be made as expeditiously as possible, but whatever the date of actual payment, the amount paid and the effect upon the pension shall be the same as if the commuted value were paid on the date on which commutation became absolute. If the commuted portion of the pension has been drawn after the date on which the commutation became absolute, the amount drawn shall be deducted from the amount payable in commutation.

(3) If the applicant makes any statement found to be false within his knowledge or wilfully suppresses any material fact in answer to any question, written or oral, put to him in connection with his medical examination, the Local Government may cancel the sanction at any time before payment is actually made; and such a statement or suppression may be treated as grave misconduct for the purpose of Article 351 of the Civil Service Regulations."

III. Rule 8 of the said Rules shall be omitted.

IV. For Rule 10 of the said Rules, the following Rule shall be substituted:—

"10. If the pensioner dies on or after the day following that on which commutation became absolute but before receiving the commutation value, this value shall be paid to his heirs."

2. The above amendments take effect from the date of this Notification; provided that sanctions to commutation accorded on the basis of the old rules on or after this date but before sanctioning authorities receive intimation of the new rules may stand, whether or not the commutation value has actually been disbursed.

RESOLUTION.

New Delhi, the 29th December 1930.

No. F.-2-XVI-R.-II/30.—In connection with the Civil Pensions (Commutation) Rules published in the Finance Department Notification No. F.-158-C. S. R./25, dated the 21st January 1926, as subsequently amended, the Governor General in Council is pleased to issue the accompanying regulations for observance in all cases in which applications for commutation of pension are made by Government servants under his administrative control or under the administrative control of a Chief Commissioner. For the purpose of rule 2 of the Civil Pensions (Commutation) Rules, if two different Governments within the meaning of Article 33-A, Civil Account Code, Volume I, are concerned, a Government servant shall be deemed to be under the administrative control of the Government to which the payment of the commuted value of his pension will be charged, and not the Government which originally sanctioned his pension. If, however, an application for commutation is made before the date on which the pension is sanctioned, the Government under which the applicant was last permanently employed shall be the Government competent to dispose of his application. These instructions supersede the rules promulgated with the Finance Department Resolution No. F.-2-XIV-R. II/28, dated the 26th June 1928, as subsequently amended.

ORDERED that the Resolution be published in the *Gazette of India*.

Regulations governing procedure for the commutation of pensions.

1. An application for commutation of pension should be made in part I of the Form A appended to these regulations and addressed:—

(1) if the applicant is still in service, or has retired but his pension has not yet been sanctioned, to the authority competent to sanction his pension, through the Head of the office in which he is or was employed, or, if he is or was himself the Head of the office, through the Head of his Department;

(2) otherwise, to that authority *through* the proper Account Officer who is:—

(*a*) in the case of a pensioner who draws his pension in India, the Account Officer of the province in which the treasury from which the pensioner draws his pension is situated;

Note.—If the pensionary charge is adjustable in the books of a different Account Officer, the Account Officer who receives the application should transmit it forthwith to that officer.

(*b*) in the case of a pensioner who, being resident in a Colony having an account current with the Accountant-General, Central Revenues, draws his pension from the local treasury, the Account Officer who issued the authority for payment of the pension in the Colony.

2. The application if addressed to the authority specified in regulation 1 (1) should be transmitted forthwith to the Account Officer who is reporting on the title to pension.

3. The Account Officer should complete part II of Form A without delay and transmit it, together with copies of the medical reports mentioned in the concluding portion of regulation 5 (ii), if they are on record in his office, to the authority competent to sanction the commutation, whether that authority is correctly named in Part I or not.

4. The authority competent to sanction commutation should thereupon accord his administrative sanction in Part III of Form A, and arrange for the medical examination of the applicant at the nearest available station to that named by the applicant in Part I of the Form.

Note.—If the applicant is governed by Rule 4 of the Civil Pensions (Commutation) Rules and the Account Officer's certificate in Part II shows that commutation charge falls partly on a Provincial Government, which has stipulated that it should be consulted regarding availability of funds the sanctioning authority must obtain that Government's consent before he accords administrative sanction. These Governments are Madras, Bombay, Bengal and United Provinces.

5. The sanctioning authority should then:—

(i) transmit to the applicant on Form B, a certified copy of the Account Officer's certificate contained in Part II of Form A, and one copy of Form C, Part I of which is to be filled in by the applicant before his medical examination and handed to the medical authority; and

(ii) forward to the medical authority in original the completed Form A, together with a copy of Form C; and, if the applicant has been granted an invalid pension or has previously commuted any portion of his pension with years added to his actual age, copies of the previous medical reports or statements of his case.

6. (i) Before any commutation administratively sanctioned becomes absolute, the applicant must be examined by the proper medical authority hereinafter prescribed.

(ii) The medical authority shall be:—

(*a*) in the case of any applicant governed by Rule 3 of the Civil Pensions (Commutation) Rules and any applicant governed by Rule 4 of those Rules who has been or is about to be granted an invalid pension—a medical board, before which the applicant must appear in person;

(*b*) in the case of any other applicant, unless the amount of pension to be commuted is Rs. 25 or less, either:—

(1) a medical board before which the applicant must appear in person, if such a board is appointed to meet at a station reasonably near to the applicant's residence within the period prescribed by the sanctioning authority, or

(2) failing such a board, a reviewing board which shall be either the standing medical board at the headquarters of the administration, or the senior medical officer of the administration and a medical officer nominated by him of status not lower than that of a Civil Surgeon.

This authority shall review the medical report made on the applicant's health and expectation of life by the Civil Surgeon, District Medical Officer or Presidency Surgeon of the area in which the applicant is ordinarily resident at the time he applies for commutation and, after calling for any information that it thinks fit from the examining officer, shall pass final orders.

(*c*) in the case of an applicant not governed by clause (*a*), who applies for commutation of Rs. 25 or less of his pension, the medical officer, not being of lower status than the Civil Surgeon, District Medical Officer or Presidency Surgeon, of the area in which he is ordinarily resident.

No. 8-I.—19th January 1931.—The following draft of rules and schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the Rampur Bil Khal joining the Gazipur Khal at Gazipur and Chechri on the north and Amua Done at Amua on the south in the district of Bakarganj, is hereby published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 15th March 1931, and any objections or suggestions received by the undersigned before that date will be considered:—

Draft rules and schedules of rates of tolls.

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below:—

Class I.—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

Class II.—To include steam boats, motor boats, flats and barges and other square-built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B. C.) of 1864 and of these rules, be determined by the following measurements:—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line t the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance of engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of

steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket.

9. All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

10. The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rates of toll shall be as follows:—

(1) On all vessels empty or laden, per hundred maunds—Twelve annas.

(2) On all vessels empty or laden, for 12½ maunds or less—One anna six pies.

(3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and 5 feet in breadth—Six annas each raft.

Tolls will be levied at Amua.

13. For boats frequently using the canal, such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one-half of the toll for each day in excess of three days. No vessel shall be permitted to remain in the canal for more than one month. Provided that this rule shall not apply to vessels holding monthly tickets under rule 13 above, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Irrigation Department on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, or the vessels of such other persons as may be exempted by a resolution of the District Board of Bakarganj, shall be liable for toll in the canal.

16. Any matter relating to the mode of collection of tolls and other relevant points, not provided for in these rules, shall be decided by the District Board of Bakarganj at a meeting, and shall be subject to the approval of the local Government.
